Musit

Inseong Cho    Frances Guo    Clifford Huang    Jared Wolens
Musit aims to create a sharing community that fosters **user connectivity** and **musical discovery** using **location** and **music suggestions**.

**Mission Statement**
1. Difficult to Share Music
2. Difficult to Remember Suggestions
3. Current Forms Lack Ease of Use
4. No Sense of Community
Musit!

- Collects Suggestions
- Uniform Method of Sharing
- Easy UI and Control
- Interaction among Friends
