Bringing travelers the perfect companion to guide them through a day balanced with **planned activities** and **spontaneity**…

Until today, travelers have had to compromise for tools that just don’t fit their mixed preferences. **Not anymore.**

**Instantly add** your favorite destinations

**Organize and sort** your list of destinations

**Discover a location** easily, fluidly, automatically

**Discover the must-do’s**

**Recommended by time & location**

**Find holes in the wall**

**DESIGN ITERATION**

**Preliminary Concept Sketch**

**Balsamiq Low-Fi Concept**

**InVision Med-Fi Concept**

**After identifying a need: flare out!**

**Identify tasks to inspire design**

**Design + prototype + evaluate + repeat**
