

# CoCo

Collaboratively create digital memories of events

## Problem

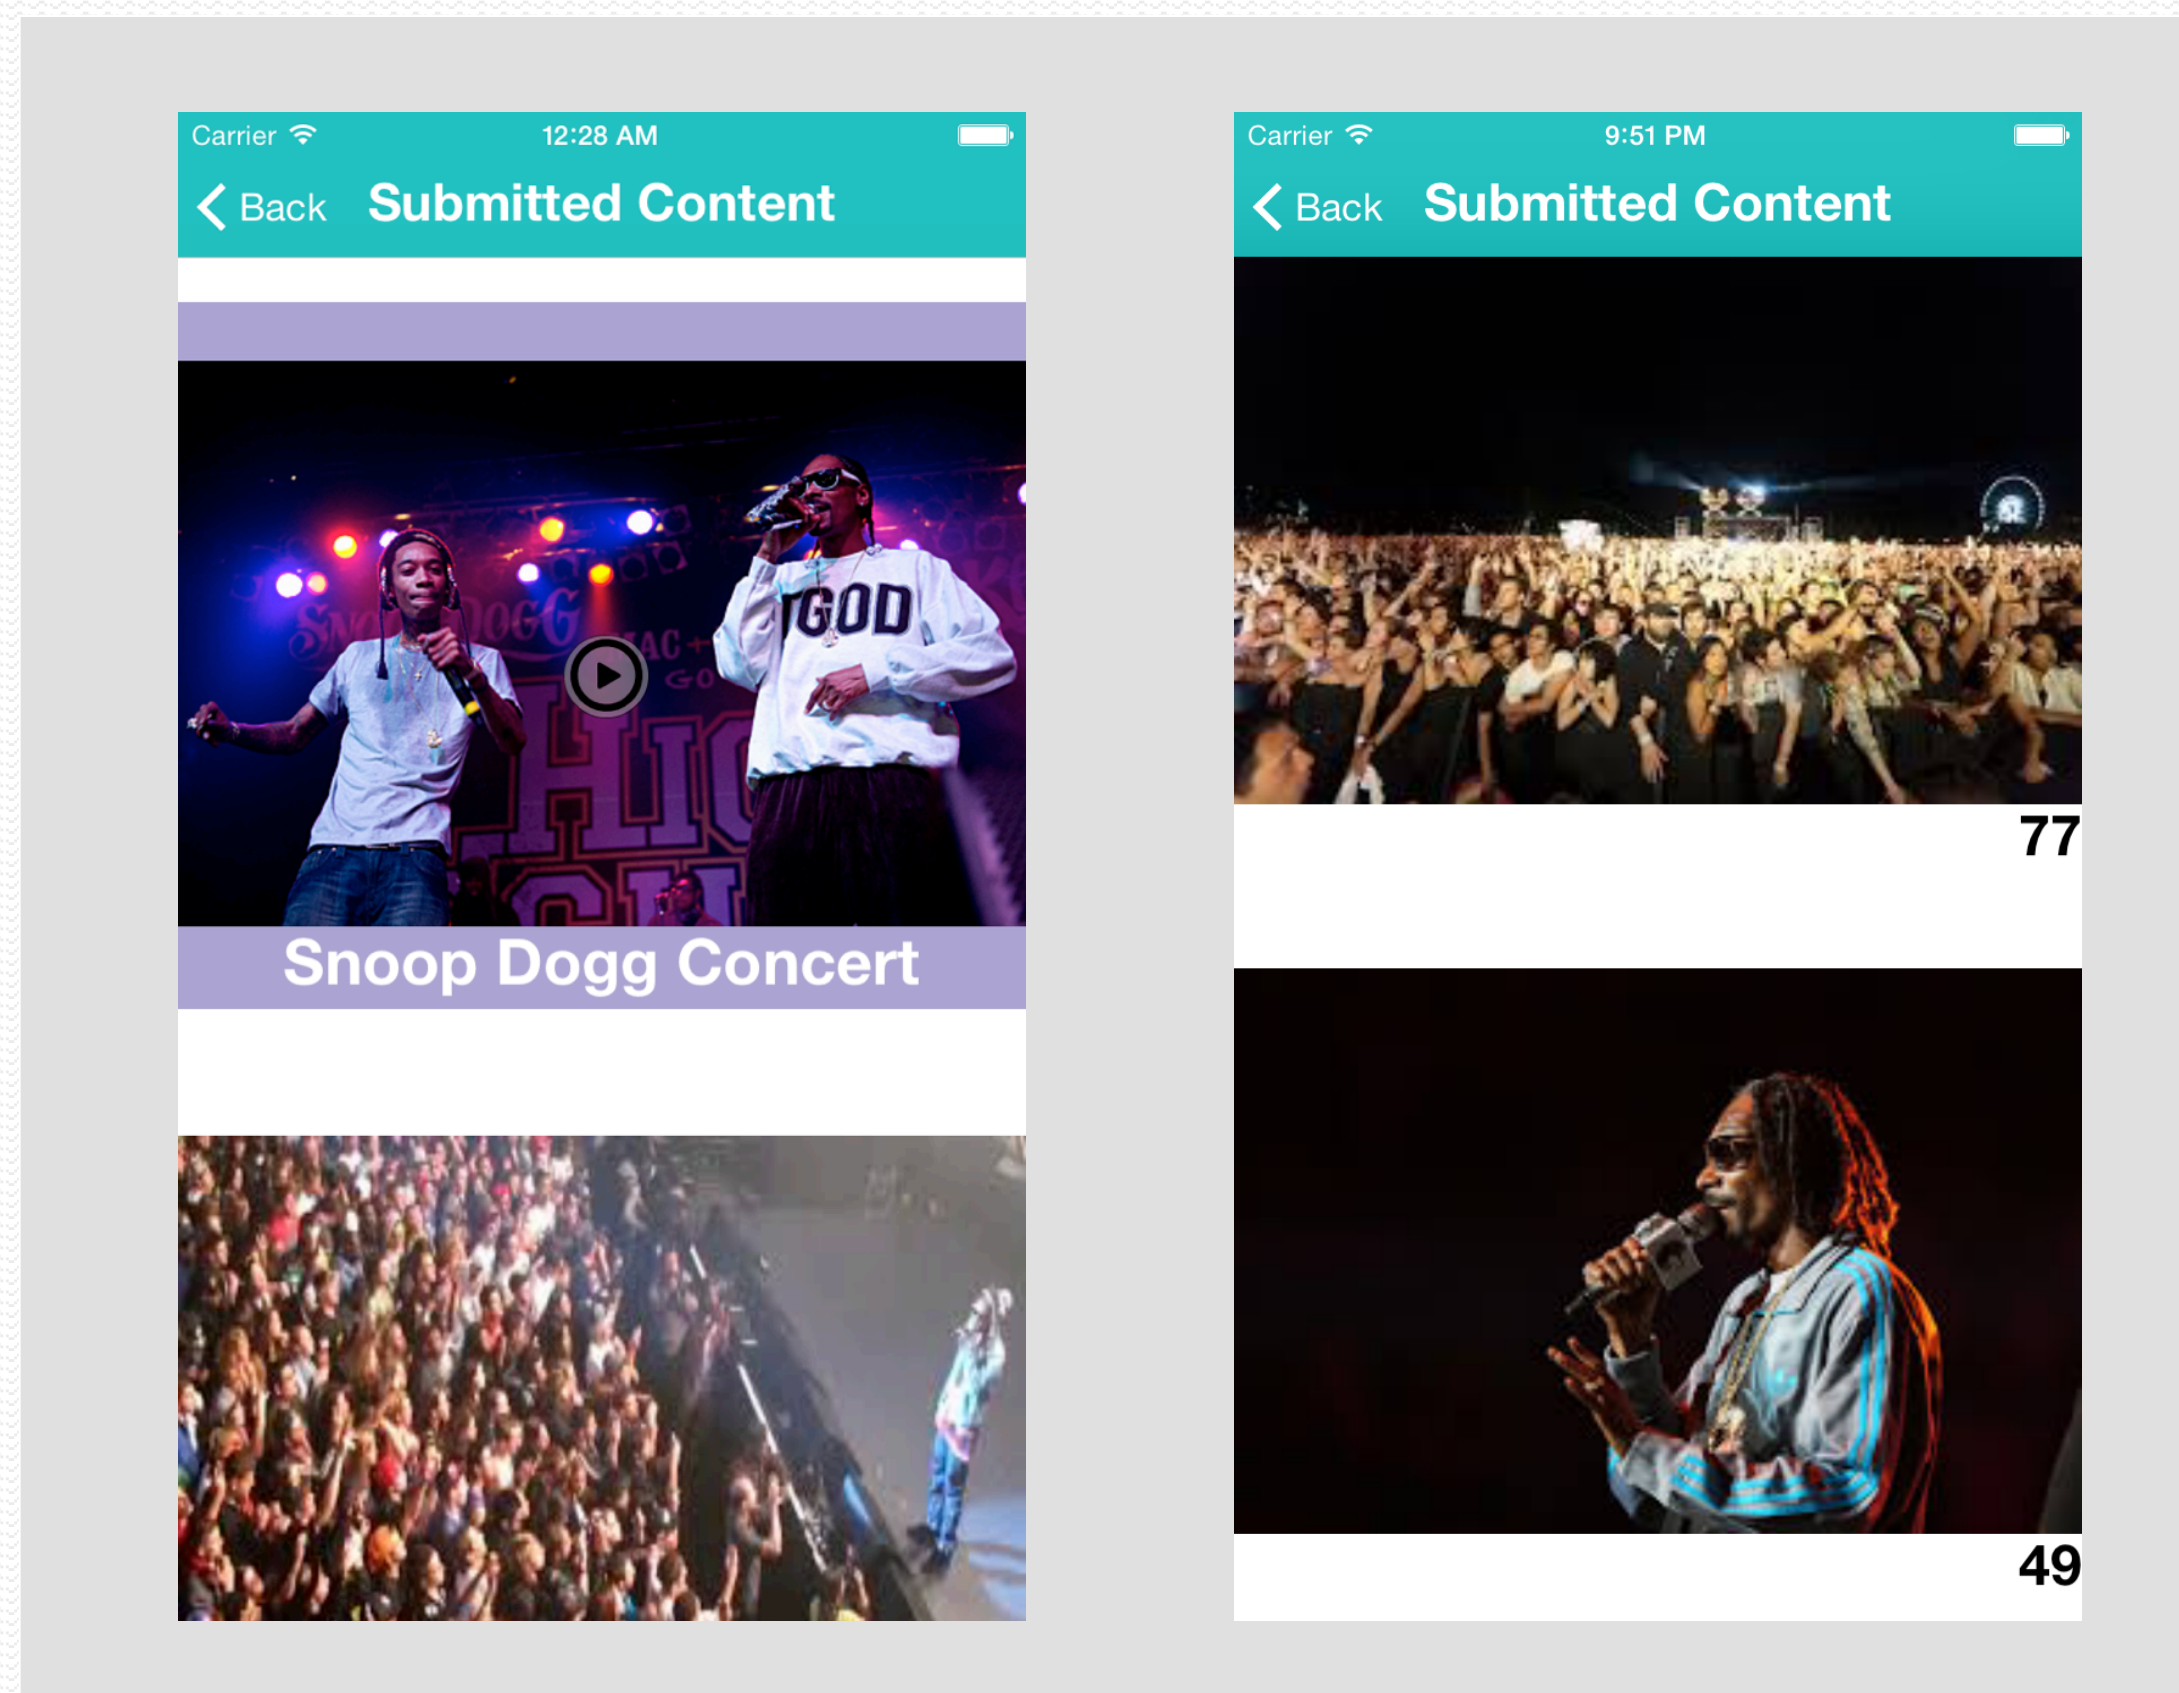

- Reliving an event is a difficult and scattered process
- Official videos are sparse, sometimes cost money, and do not include the attendee's perspective

## Our Solution: Let users make collective digital memories

- Mirrors actual experience
- Can be used for any local event

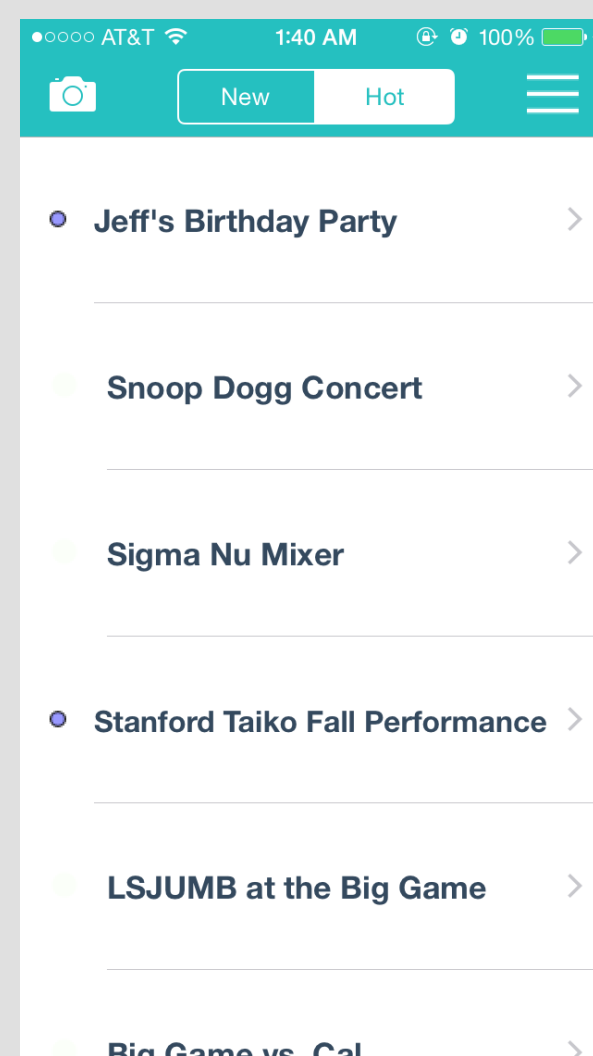

## Key Features

- Short anonymous submissions
- Vote for your favorite content
- Collaboratively create a video summary

## Design Iterations

- Updated categories for medium-fidelity
- Removed categories, streamlined navigation, and implemented functionality for high-fidelity
