Musit

Inseong Cho   Frances Guo   Clifford Huang   Jared Wolens

Musit aims to create a sharing community

that fosters **user connectivity** and **musical discovery**

using location and music suggestions.

Mission Statement

1. Difficult to Share Music
2. Difficult to Remember Suggestions
3. Current Forms Lack Ease of Use
4. No Sense of Community
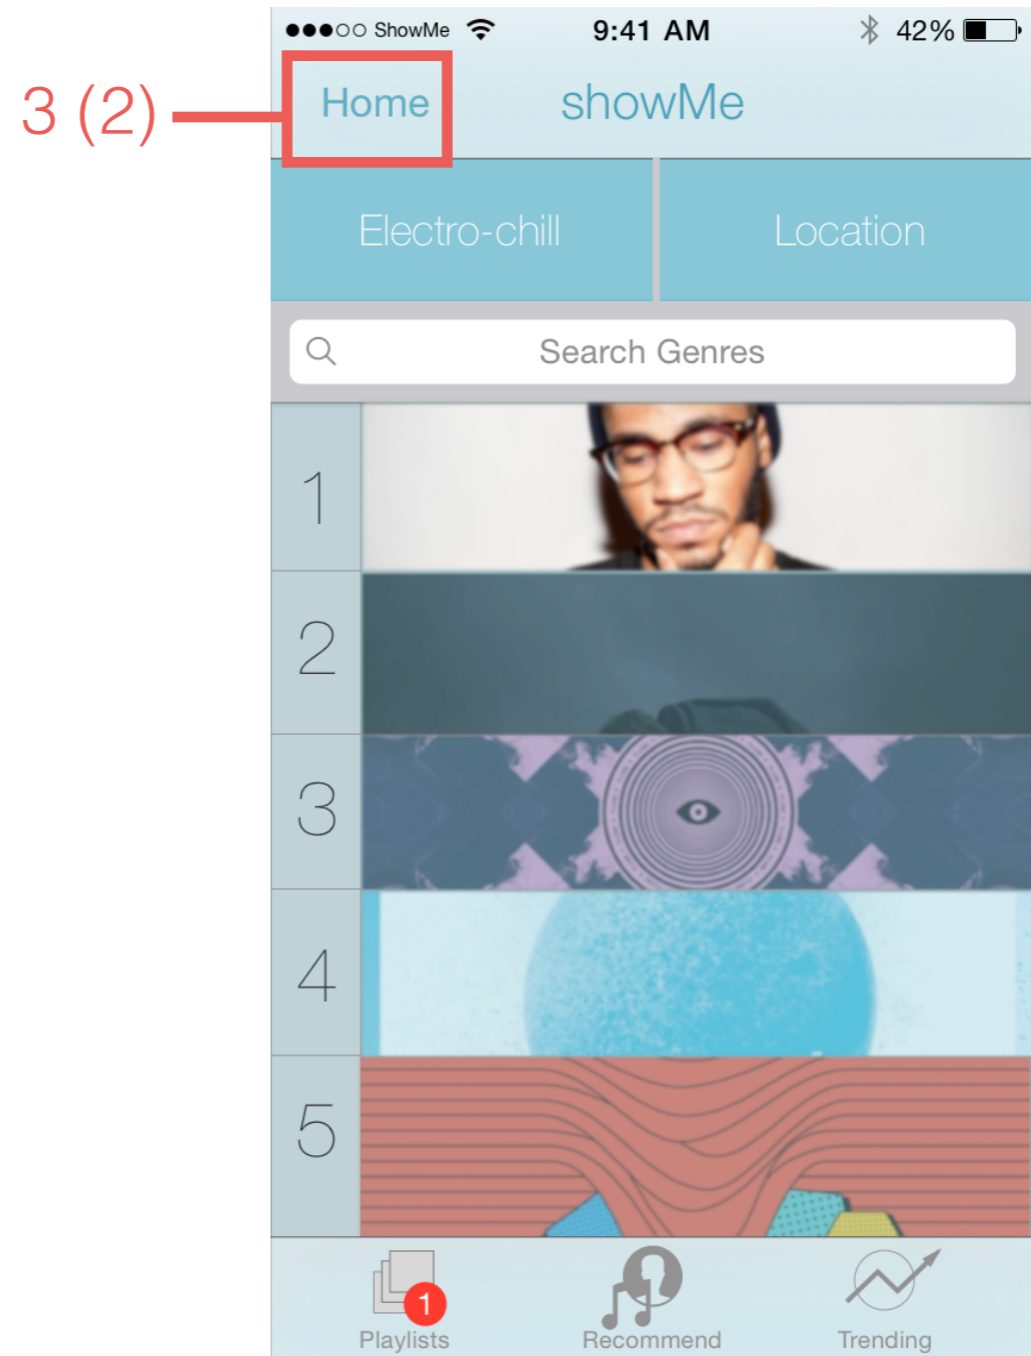

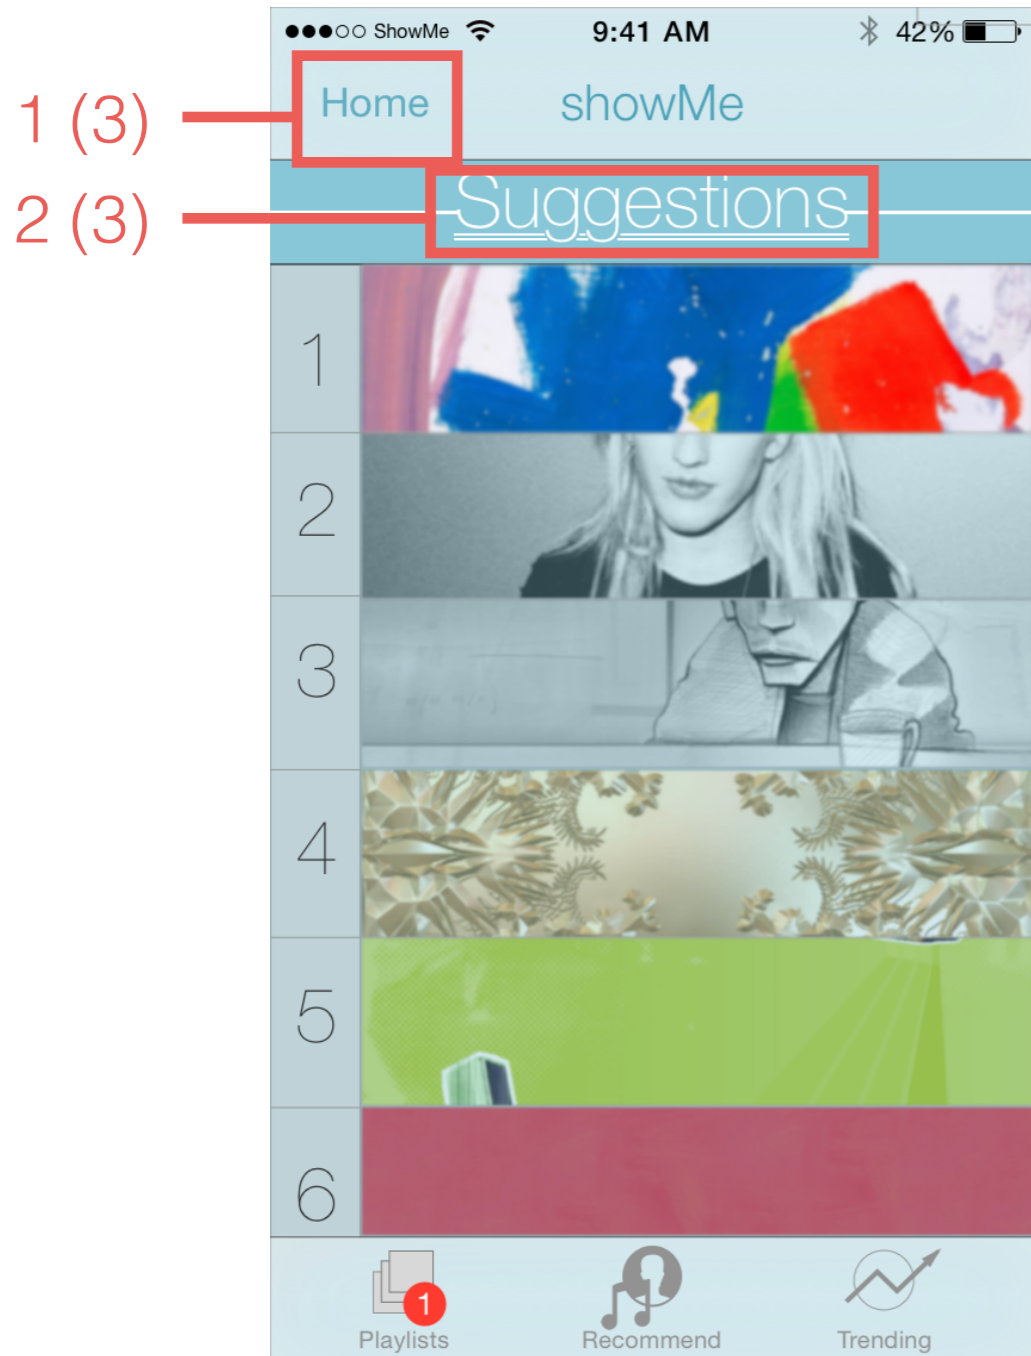

Problem

Musit!

- Collects Suggestions
- Uniform Method of Sharing
- Easy UI and Control
- Interaction among Friends

Solution

1. Heuristic Evaluation Result
2. Revised UI Design
3. Prototype Development Status
4. Live Demo
