

Our prototype is built on Proto.io. Currently, the prototype is designed and implemented to go through one specific workflow. Any deviation from this workflow will change the behavior of the prototype. The specific workflow involves completing the below tasks in the designated order:

1. Press the “+” button in the upper right hand corner to create a new inspiration entry
2. Click the “T” icon at the bottom to add a new text box to the screen
3. Type “Recipe Inspiration” into the new textbox
4. Click the “T” icon again to save the text
5. Move the “Recipe Inspiration” text to the top center of the workspace (right below the bento logo)
6. Click the camera icon at the bottom of the screen
7. Click on “Photo Library” from the popup menu
8. Click on the picture of tomatoes from the camera roll (the second to last picture)
9. Move the tomato picture to the upper left hand corner of the screen (right below “Recipe Inspiration but offset left)
10. Click the Camera icon again to save the placement of the tomato photo
11. Click the “T” icon at the bottom
12. Fill in the text box with the following:
 - Chicken thighs
 - Sourdough
