

## **Fleek: Medium-Fi Prototype Instructions**

### **Created By: Alona King – 10.28.17**

This prototype we created for Fleek runs on marvelapp.com. Blue boxes will highlight areas where the user should tap in order to see a transition to a new screen. The following instructions will guide a user through the 3 tasks and scenarios.

#### Task 1: Message barber or beautician (*medium task*)

1. Click on lower left icon in the navigation bar that looks like a barber pole.
2. Tap on a barber in table view
3. Press the message bubble below the title of the barber shop

#### Task 2: Post a Picture and give credit to barber or beautician (*complex task*)

1. Click on lower right icon in the navigation bar that looks like a person's silhouette
2. Press the camera icon below the name of the profile owner
3. Snap a picture. Press the filled in circles in the lower center of the screen.
4. Press upper right purple checkmark when satisfied at looking at the screen.

#### Task 3: Add a new barber or beauty shop (*simple task*)

1. Click on lower left icon in the navigation bar that looks like a barber pole.
2. Press the plus icon in the top right corner of the screen
