

Assignment #4

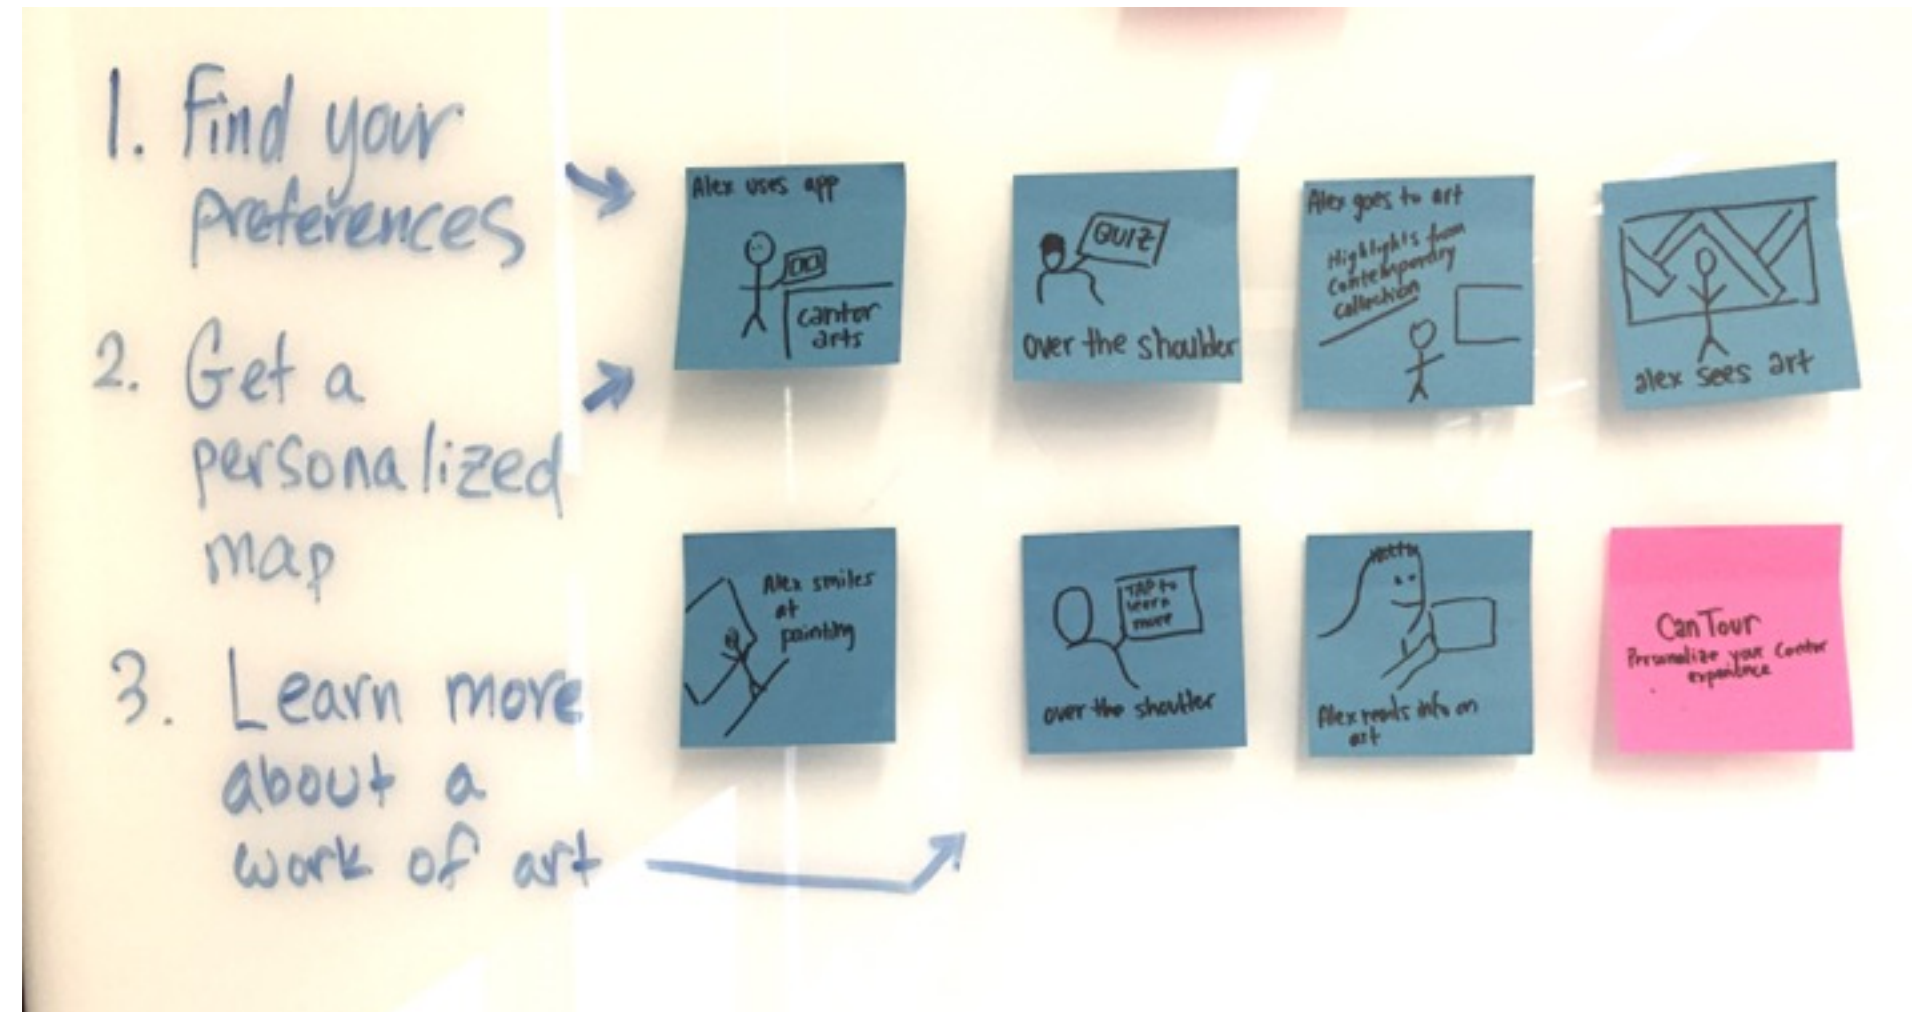

Maya Balakrishnan, Tara Balakrishnan, Alex Chang, Shubha Raghvendra
10/16/15

Value Proposition: Personalize your Cantor experience

Problem/Solution Overview: The Cantor Arts Center, among other museums, lacks self-guided tour options. Visitors often seem disengaged from the art they see, or are overwhelmed by the volume of art to see. CanTour uses a quiz interface to personalize the experience of the Cantor visitor, and allows users to learn more about the paintings they choose to see.

1. Take a quiz to discover what art and exhibits you would like or potentially like. (*complex*)
2. Navigate through the museum based on your preferences. (*simple*)
3. Learn more about art that is directly in front of you. (*moderate*)
