# MINGO

Make every mood a traveling mood

We all get stressed and tired from time to time. On new trips we want to see the most popular sights, but may oftentimes experience "travel burnout" from trying to do too much.
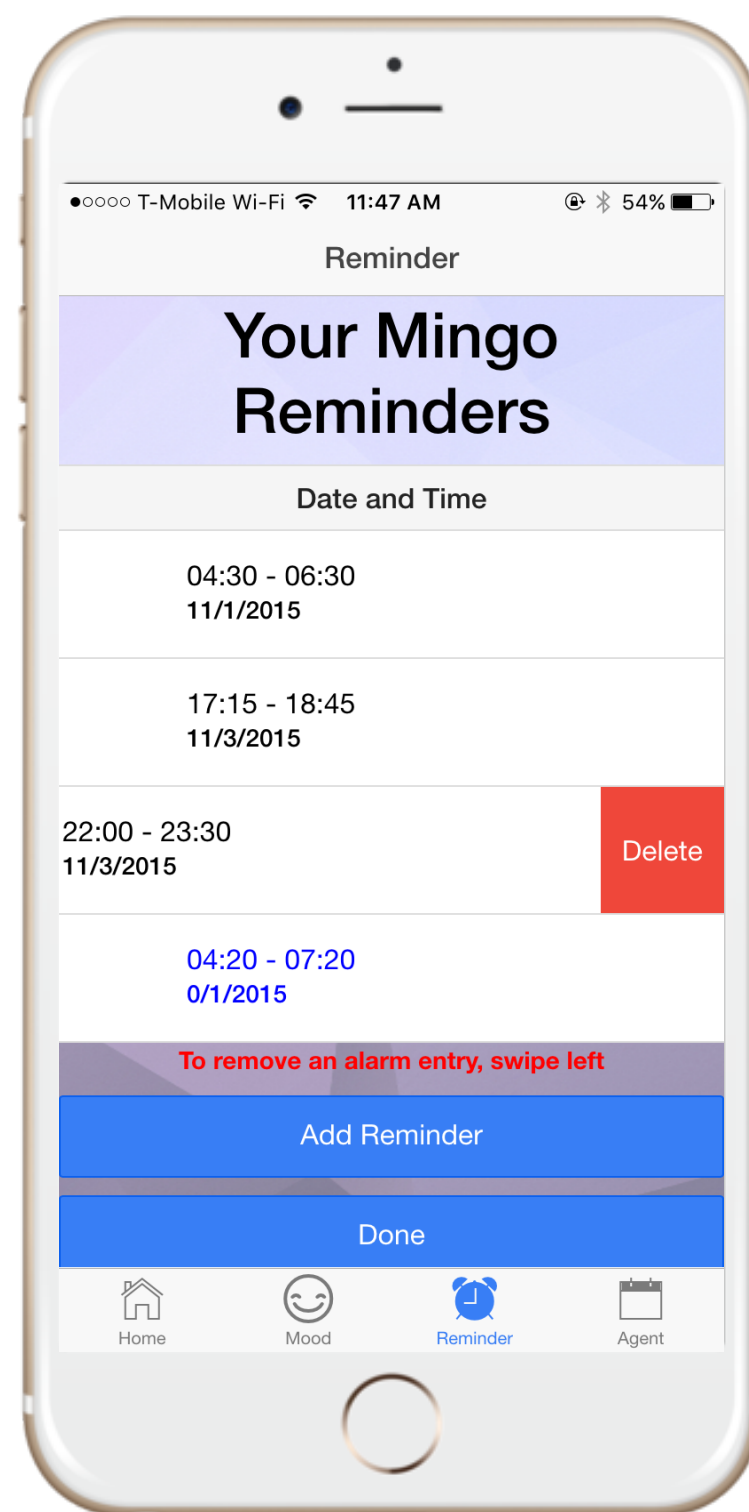

How do you solve that?

Mingo aims to prevent "travel burnout" by taking a traveller's current mood into account when planning an activity.

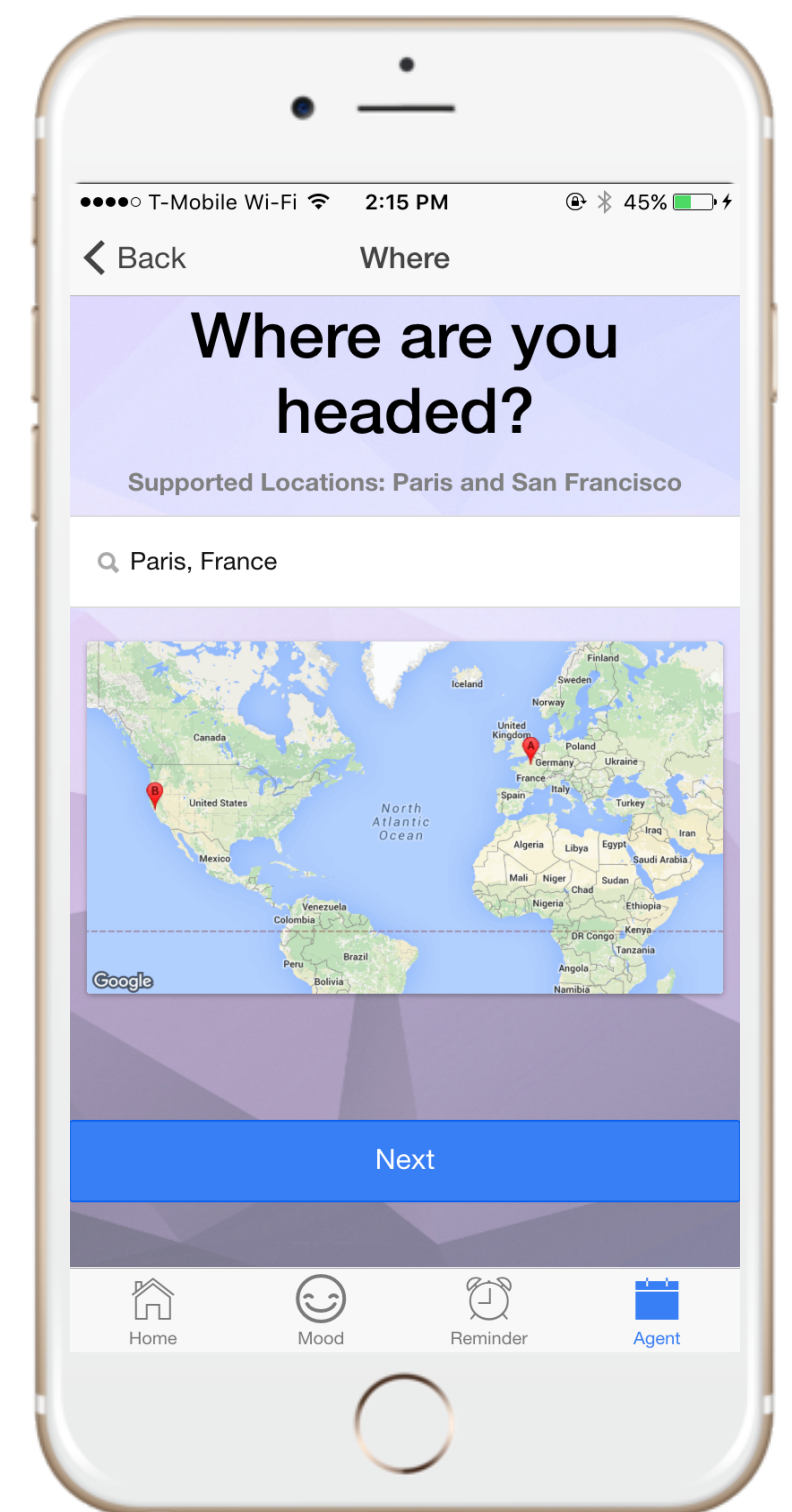

**Find Something To Do** Based On Your Current Mood

Set Reminders to Explore During Free Time
Travel Spontaneously Without Missing Out on Major Attractions
