

# Jamalot Medium-fi prototype

Yunha H.  
Matt H.  
Mohammed R.

# Mission Statement

**Problem:** Practicing instrument can be lonely task

**Solution:** Get people together to jam

**Value Proposition:** Smarter Practice Session

# Tasks

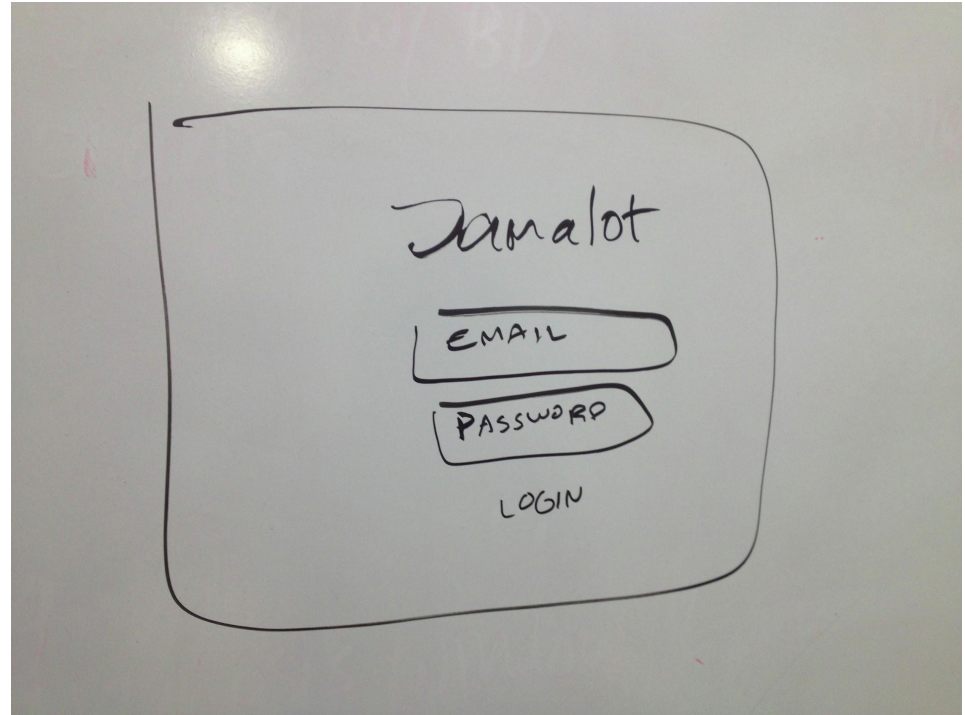

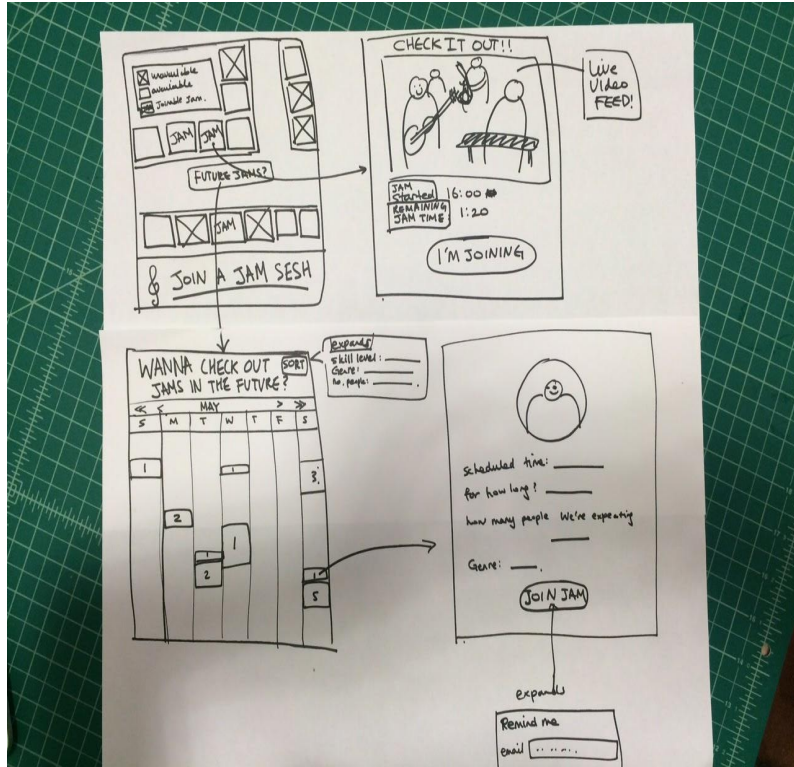

## Old Tasks

- Private practice (Simple)
- Join a jam (Moderate)
- Host a jam (Complex)

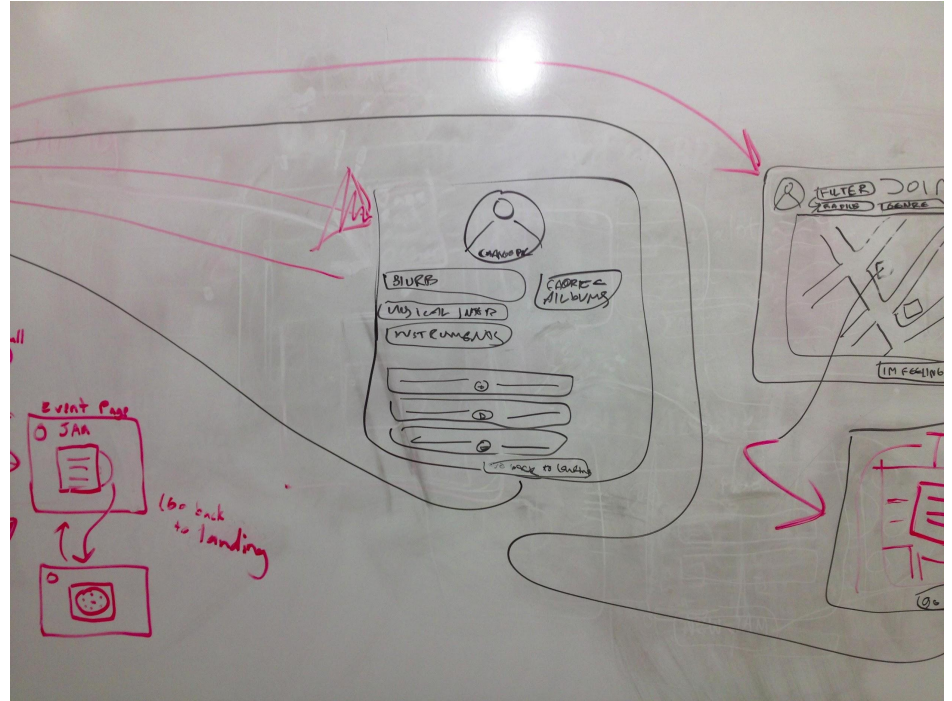

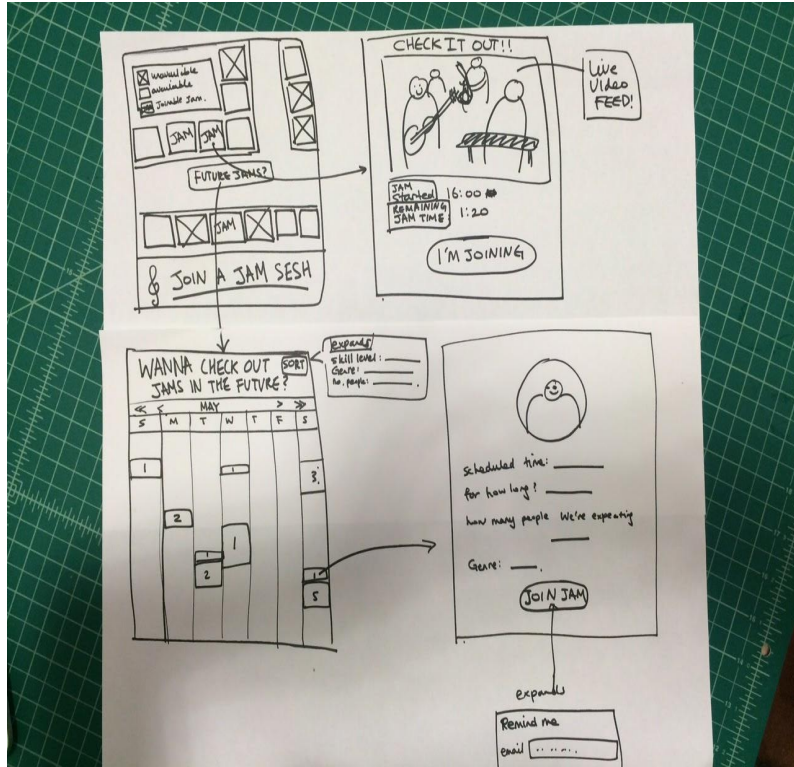

## Revised Tasks

- Maintaining profile (Simple)
- Join a jam (Moderate)
- Host a jam (Complex)

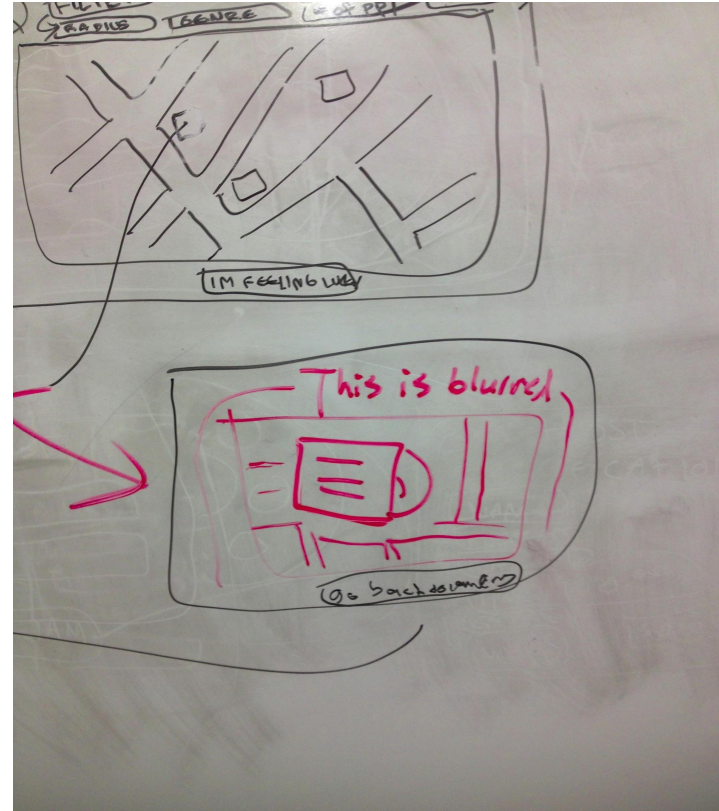

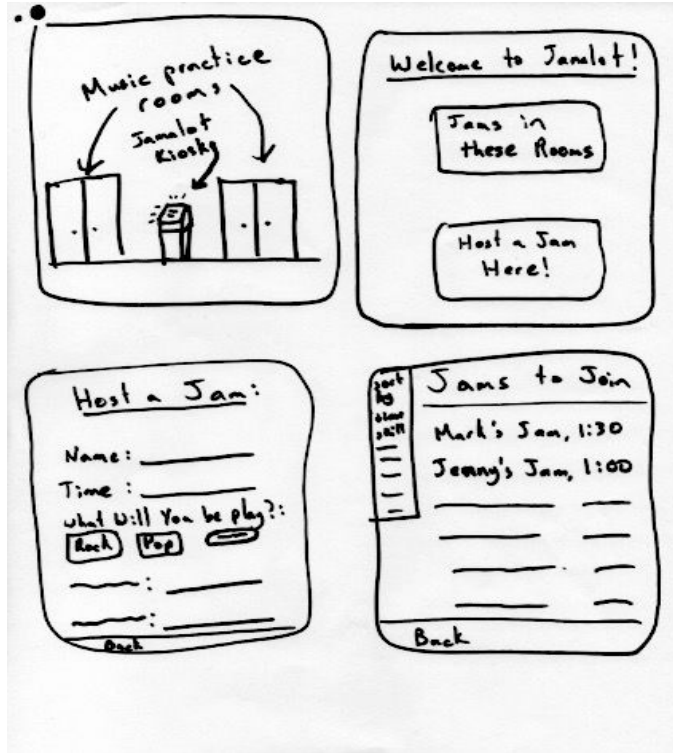

# Revised Changes - Kiosk $\Rightarrow$ Web App

# Revised Changes - Social Profile

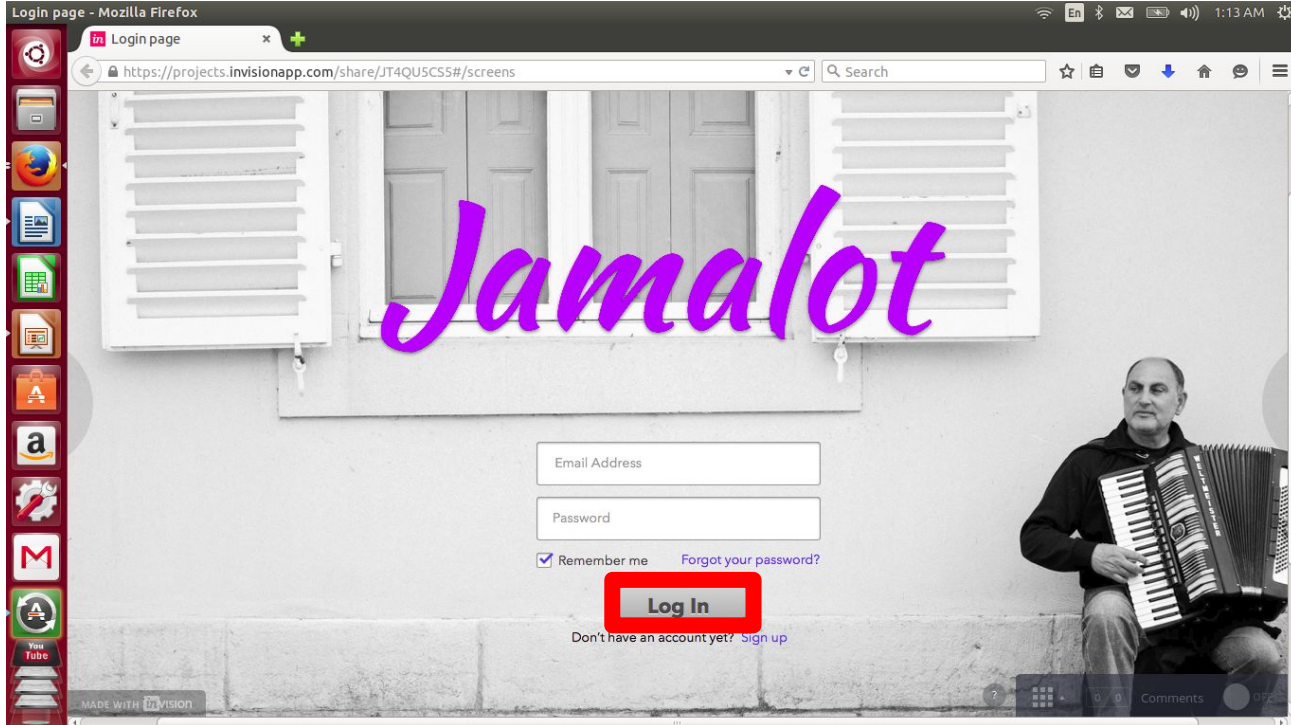

# Revised Changes - Location

# Simple Task - Maintaining Profile

# Maintaining Profile

The screenshot shows a Mozilla Firefox browser window with the address bar displaying `https://projects.invisionapp.com/share/JT4QU5CS5#/screens/111856660`. The profile page features a purple name 'Jamalot' and a circular profile picture of a young woman. The background image shows a guitar neck. A white 'About Me' box is centered on the page, containing the following text:

**About Me**

Hi! I'm Kayla, I am a college student in California. I love playing the piano, I've had some classical musical training when I was younger. Now I am experimenting with different genres of music. Recently I came to love Blues! Other than music, I play softball, hiking, exploring, surfing and painting.

**Instruments and experience**

Piano for 10 years

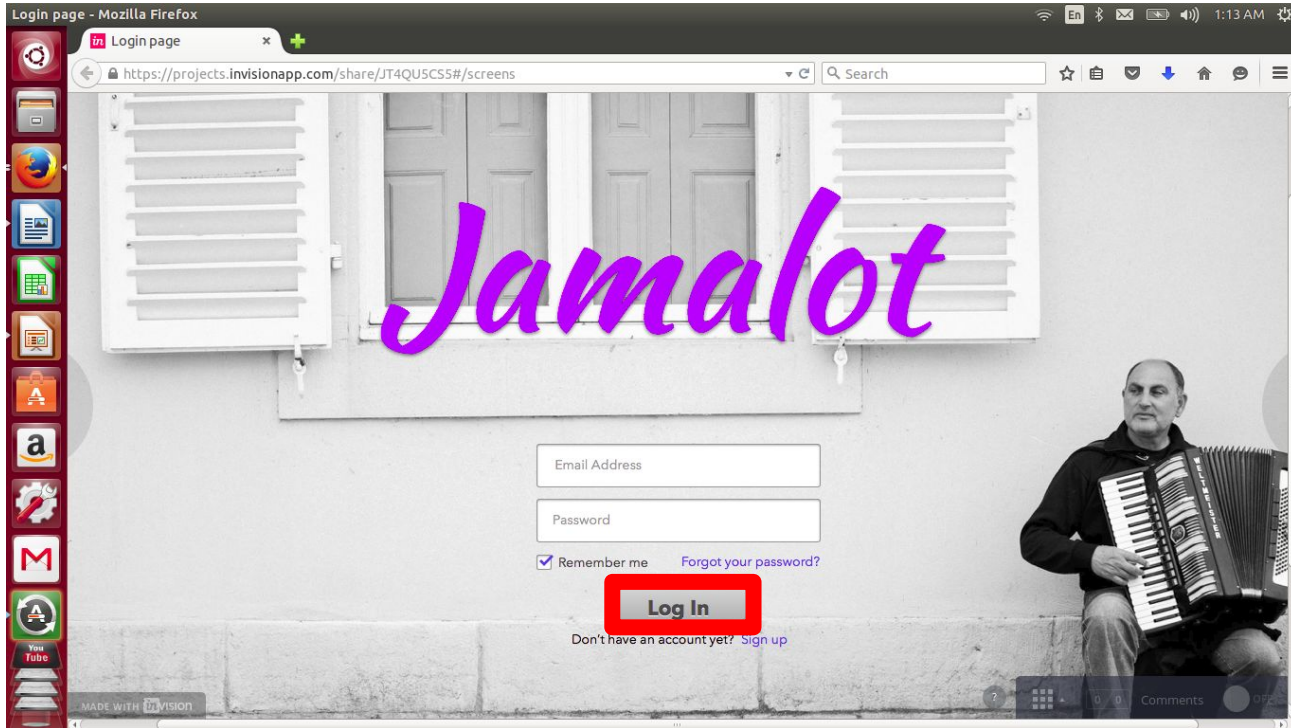

**Musical interest**

Favourite artists: Chopin, Beethoven, The Piano Guys  
Genres: Classical, Romantic, Blues

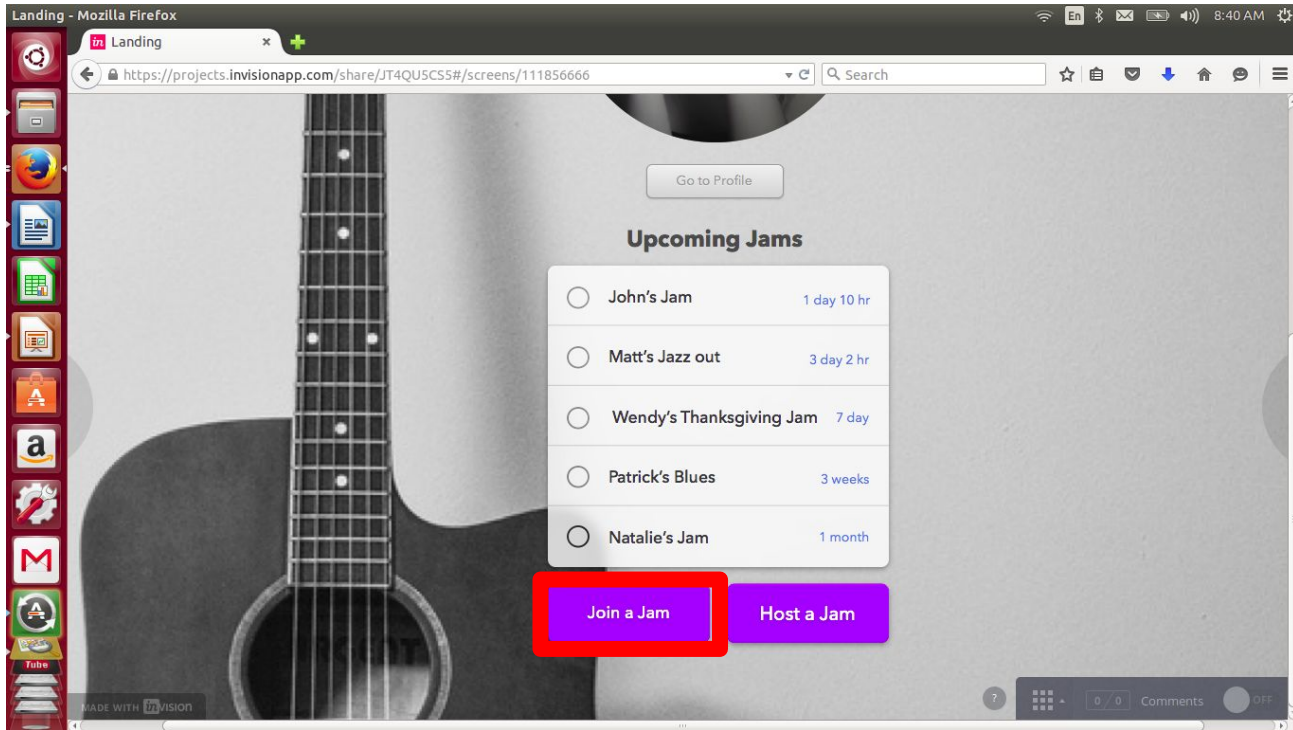

A red square icon with a pencil is located in the top right corner of the 'About Me' box. At the bottom of the browser window, there is a 'MADE WITH INVISION' watermark and a 'Comments' section with a '0/0' counter and a 'Comments' button.

Kayla  
@Very thanks 4:28 PM

Jari Stefansson  
@Ramanan needs to suit up 4:32 PM

Ramanan  
I'll wear a suit tonight  
@Very that's a bug 4:32 PM

Vey  
will fill it 4:33 PM

Ramanan  
we probably are taking the policy into account, but not the underlying flag, maybe? 4:33 PM

Jeff Bain  
Yeah, I think when written we didn't have the flag. Or maybe we only look at the flag directly on the question + not it's parents? since anything under a flagged hidden section. 4:38 PM

Ramanan  
Maybe. @JaredKerim or @JeffBain can one of you take a look. 4:38 PM

Houssam  
@Very thanks 4:38 PM

# Complex Task - Hosting a Jam

# Hosting a Jam

# Hosting a Jam

The screenshot shows a Mozilla Firefox browser window displaying a landing page for 'invisionapp.com'. The page features a background image of an acoustic guitar. At the top, there is a 'Go to Profile' button. Below it, the section 'Upcoming Jams' lists five items, each with a radio button and a time-to-go: John's Jam (1 day 10 hr), Matt's Jazz out (3 day 2 hr), Wendy's Thanksgiving Jam (7 day), Patrick's Blues (3 weeks), and Natalie's Jam (1 month). At the bottom of the page, there are two buttons: 'Join a Jam' and 'Host a Jam'. The 'Host a Jam' button is highlighted with a red rectangular box. The browser's address bar shows the URL 'https://projects.invisionapp.com/share/JT4QU5CS5#/screens/111856666'. The system tray at the bottom right shows the time as 8:40 AM and the status 'OFF'.

# Hosting a Jam

The screenshot shows a Mozilla Firefox browser window displaying a web page titled "Jam Info Template Page Copy". The address bar shows the URL: <https://projects.invisionapp.com/share/JT4QU5CS5#/screens/111856657>. The page content is as follows:

## Kalya's Blues Jam sesh

**3:30 - 5:00 PM**  
**Wed 4th November**

**Stanford, CA**  
5mi from your current location

**Note from Kayla:**  
Come jam at my place and then maybe we can all roll out to this amazing Italian pizza place across the street! Looking forward to seeig you!

**Genre: Blues**  
**Level: Beginner**

At the bottom of the page, there are two buttons: "Edit" (highlighted in red) and "Delete" (purple). On the right side of the page, there is a large black vinyl record graphic with several circular profile pictures of people arranged around it. At the bottom right, there is a "Comments" section with a "0 / 0" count and a toggle switch set to "OFF".

# Prototyping tools - Sketch 3

## Pros:

- Realistic web app screens
- Preset templates are very easy to use
- Creates a very unified design
- Crowd sourced open sketch resources (vectors, images etc.)

## Cons:

- Too many presets, and easy templates → curbs creativity
- Difficult to design multiple variations of screens

# Prototyping tools 2 - Invision

## Pros:

- Realistic interaction
- Intuitive and easy to use
- High resolution and the ability to test on different platforms (desktop, ipad, phone etc)

## Cons:

- No way to prototype interaction other than tap and hover (especially text input)
- No visualization of the work flow
- Delayed response

# Limitations & Tradeoffs

- No text input or dropdowns
- The Map is not interactive
- The filters don't work
- Chats do not work
- Information is not saved
- Wizard of Oz: "I'm feeling lucky" button should pull out the best matched jam based on the user's previous jams. But for the prototype's sake, it was wizard of ozed.
- Other Hand-coded feature : Profile details made up, or the settings pre-determined. Jam details are made up

# Summary

- App changed from kiosk to web app
- Addition of profile pages
- Used inVision and Sketch to create prototype
