

Jamalot

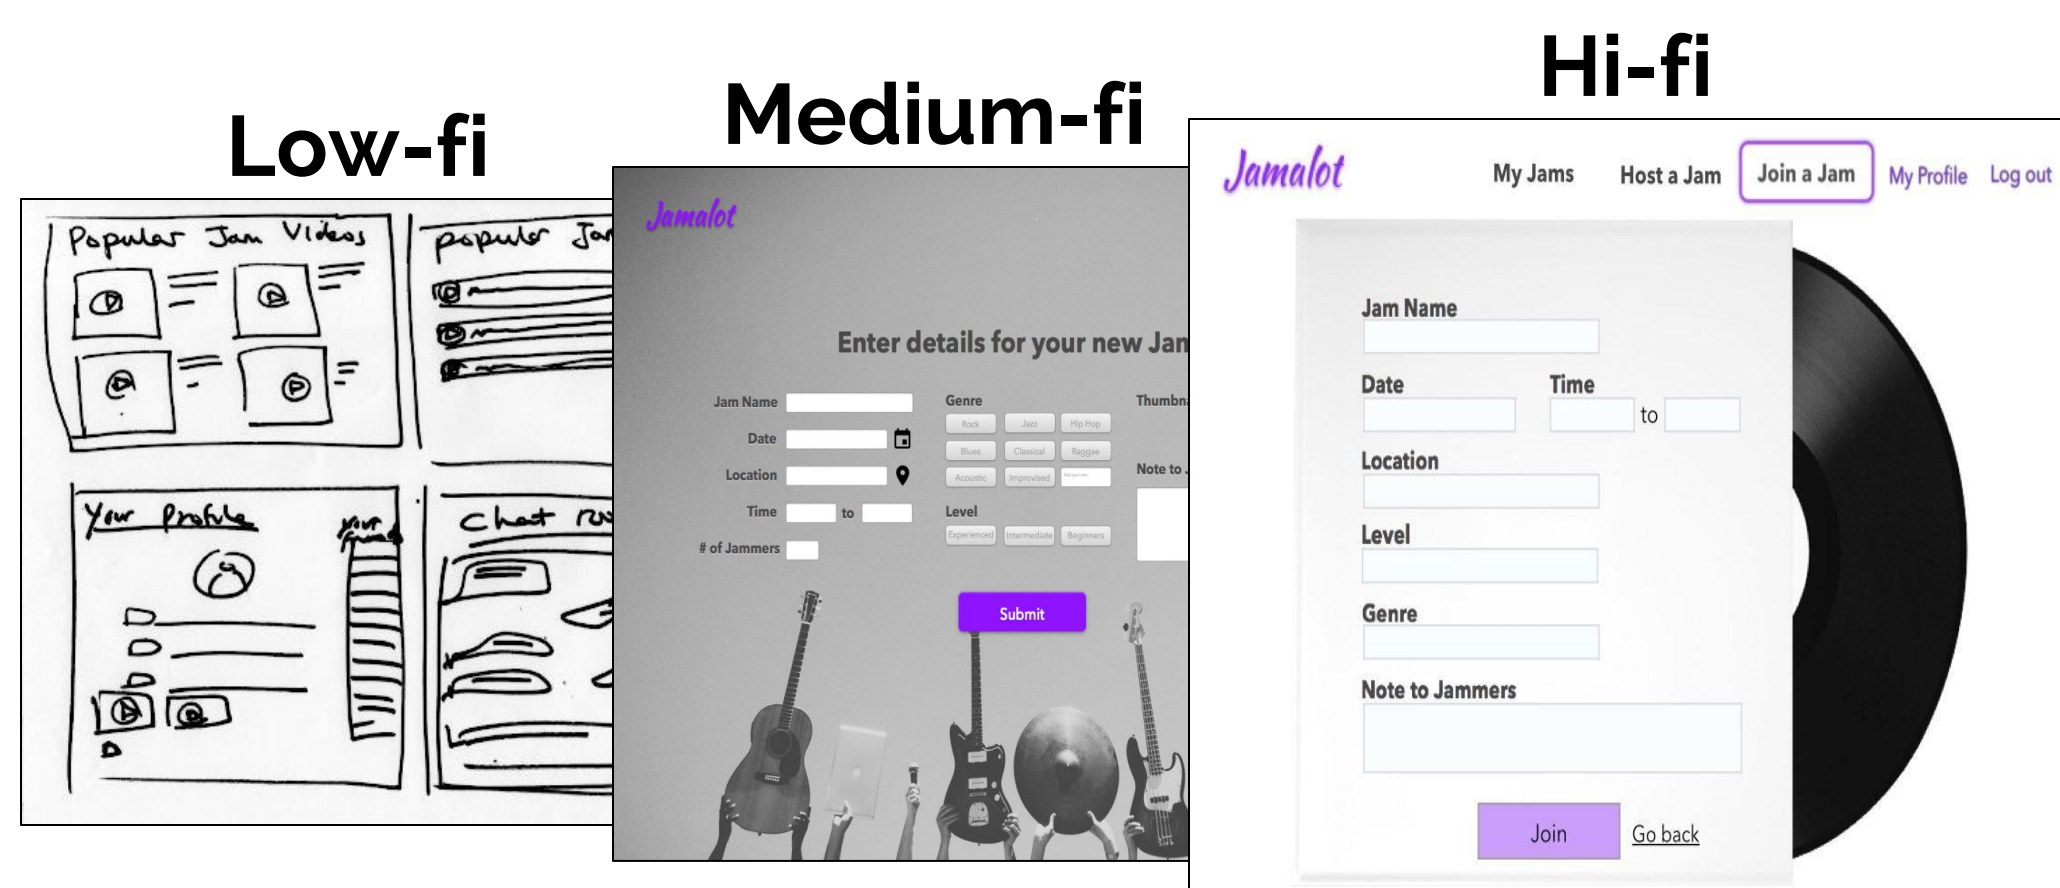

Meet Up. Rock Out. Repeat.

Overview

Practicing an instrument can be a lonely endeavour. Jamalot changes the game by connecting local musicians for more productive and enjoyable practice sessions.

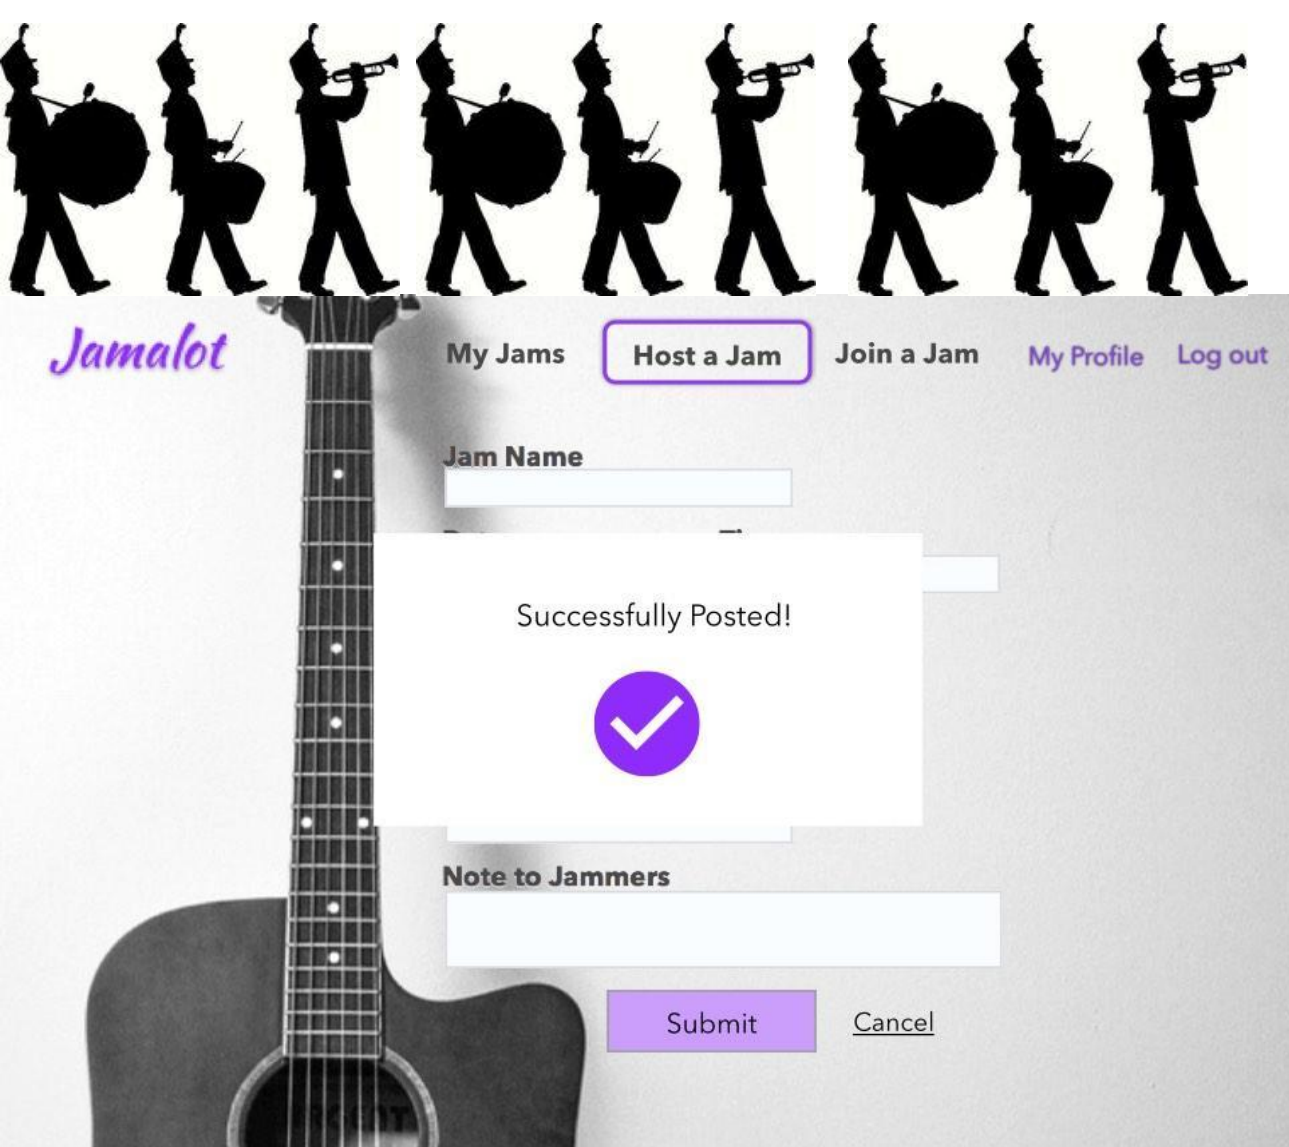

Our Solution

- Interactive map to show joinable jams near you
- Filter jams by genre, instrument, etc.
- Easy to use for both seasoned musicians and beginner
- Elaborate your musical interests on your profile page

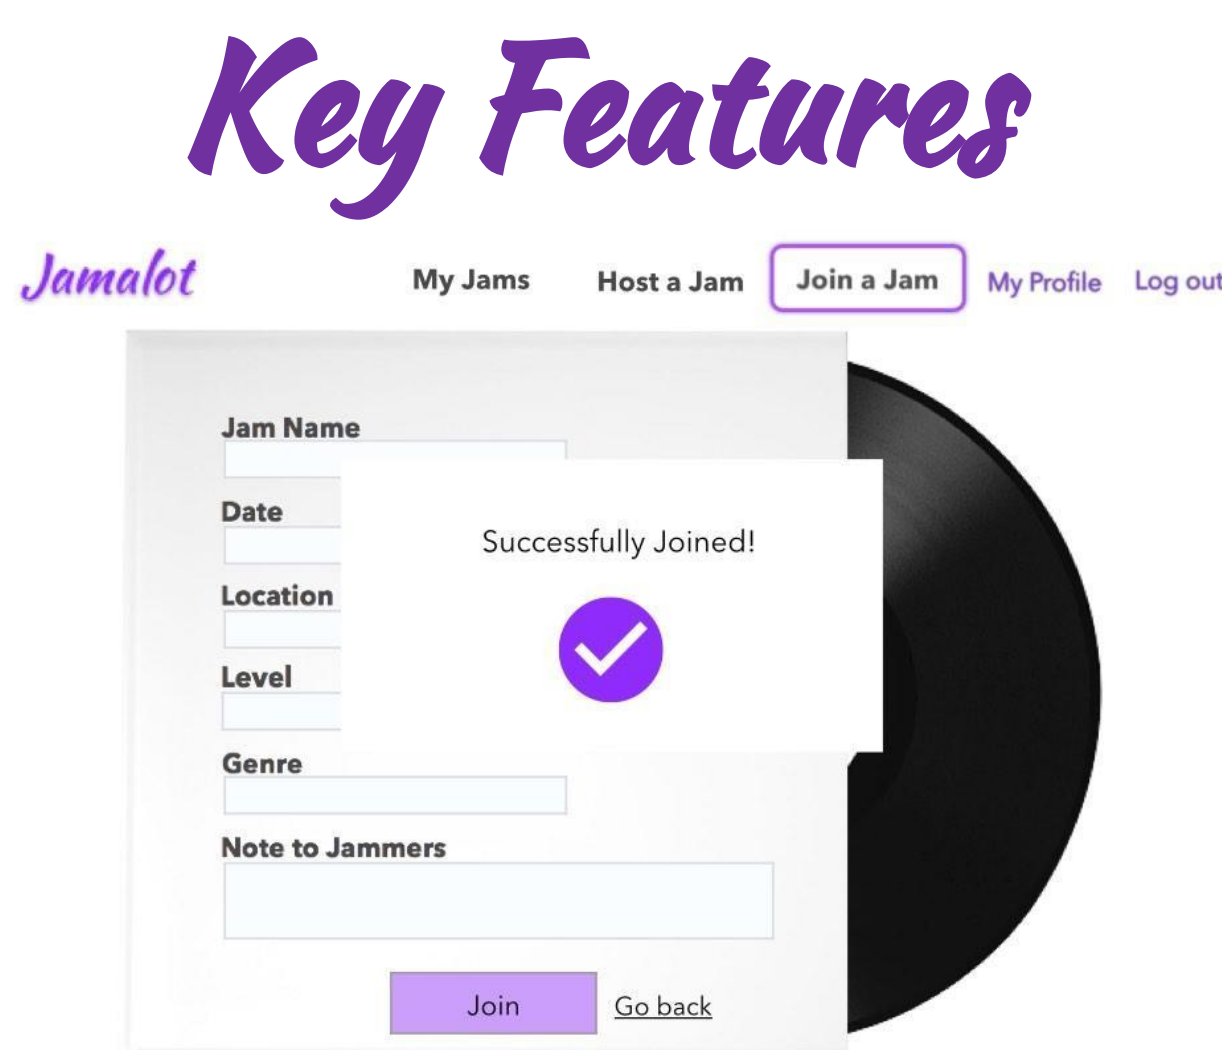

Design Iteration

- Explored different platforms (iPhone → Kiosk → web app)
- Tested prototypes on different target users
- Increased consistency and robustness in application design and workflow
