

## README

Requires iOS 9.0+

Installation instructions:

- 1) download the .ipa file
- 2) connect iPhone
- 3) open iTunes and install .ipa on phone

Tasks:

- simple) add "sports" to your interests
- moderate) find and join a soccer event
- complex) create a "netflix and chill" event

Notes:

This prototype has many hard coded / Wizard of Oz details, so if you attempt to do something outside of the intended 3 tasks, behavior may be undefined
