Clarified purpose

The screenshot shows a mobile application interface for a calendar planner. At the top, a status bar displays the time 1:14 and various system icons. Below the status bar, a white instruction box contains the text: "Enter the times you'd like to use ConverStation. We'll send you reminder notifications during these times." The main content area is titled "ConverStation Planner" and features a grid calendar. The grid has columns for days of the week (Sun to Sat) and rows for time slots (11AM to 4PM). Several blue rectangular blocks represent scheduled times: one on Sunday from 1PM to 2PM (highlighted with a red border), one on Wednesday from 2PM to 3PM, and one on Saturday from 1PM to 2PM. Below the grid are two buttons: a blue "Add New Time" button and a red "Delete Time" button.
