Amrita: Hi everyone! <Holds up bitter melon>. How many of you know what this vegetable is?

<Audience raises hands>

Janet: Now, how many of you would know culturally authentic recipes with this vegetable?

<Less audience members raise their hands>

Kyla: We're Dishcovery, your new cultural culinary companion from the grocery store to your kitchen.

Defne: Dishcovery uses image recognition AI to help you recognize, learn about, and cook with unfamiliar foods from around the world.

Amrita: Come visit us at Dishcovery to see for yourself how we make exploring culture through food easy, exciting, and fun!
