Leverage others to motivate focus

Lorraine

Initial POV

We met...

Lorraine, a yoga instructor

We were amazed to realize that...

focus can be enhanced through a shared experience

It would be game changing to...

provide a support system for people trying to focus

Muhammad

Muhammad

Spends 30-45 minutes trying to find the answer to a question

“I was afraid of feeling dumb”

Dustin

“People are intimidating.”

“I won’t necessarily branch out and make a new friends.”

“Having someone to go to or someone to work with would make it easier.”

Alice

“I’m better than most of my group members.”

“I need to be able to trust that the other person knows their shit.”

Revised POVs

We met...

Jenny and Celia

We met...

Jenny and Celia

We were amazed to realize that...

they sometimes lost track of what they were doing as they were doing it

We met...

Jenny and Celia

We were amazed to realize that...

they sometimes lost track of what they were doing as they were doing it

It would be game changing to...

help people keep track of what they're working on in the present moment

How might we...

encourage people to unitask?

We met...

Muhammad

We met...

Muhammad

We were amazed to realize that...

he spent 30-45 every other day trying to answer questions

We met...

Muhammad

We were amazed to realize that...

he spent 30-45 minutes every other day trying to answer questions

It would be game changing to...

help him find answers to his questions more efficiently

How might we...

**know when people are
willing/qualified/able to help?**

We met...

Alice

We met...

Alice

We were amazed to realize that...

she doesn't feel like collaborating with her peers is worth it unless there is some level of trust between them and knowledge that the other person "knows their shit"

We met...

Alice

We were amazed to realize that...

she doesn't feel like collaborating with her peers is worth it unless there is some level of trust between them and knowledge that the other person "knows their shit"

It would be game changing to...

overcome the trust barrier

How might we...

**connect students with people in their
classes whom they can trust?**

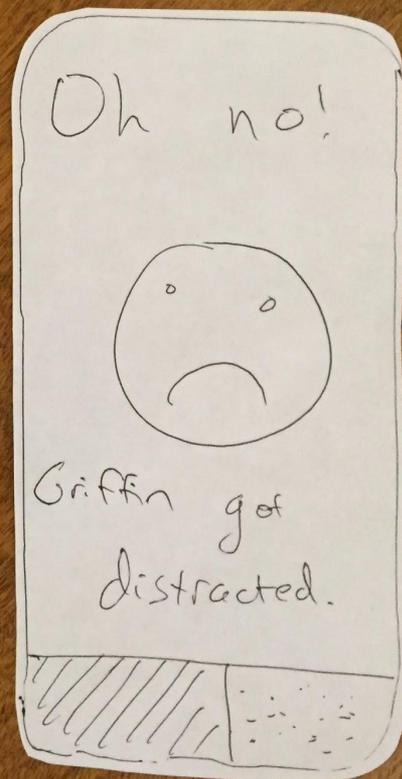

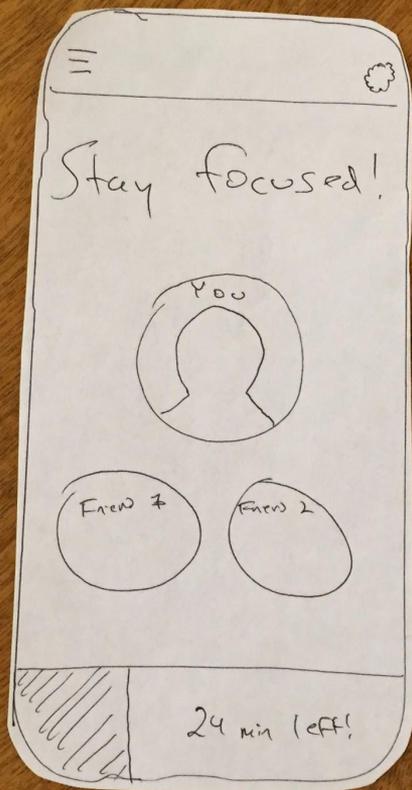

Experience Prototypes

How might we...

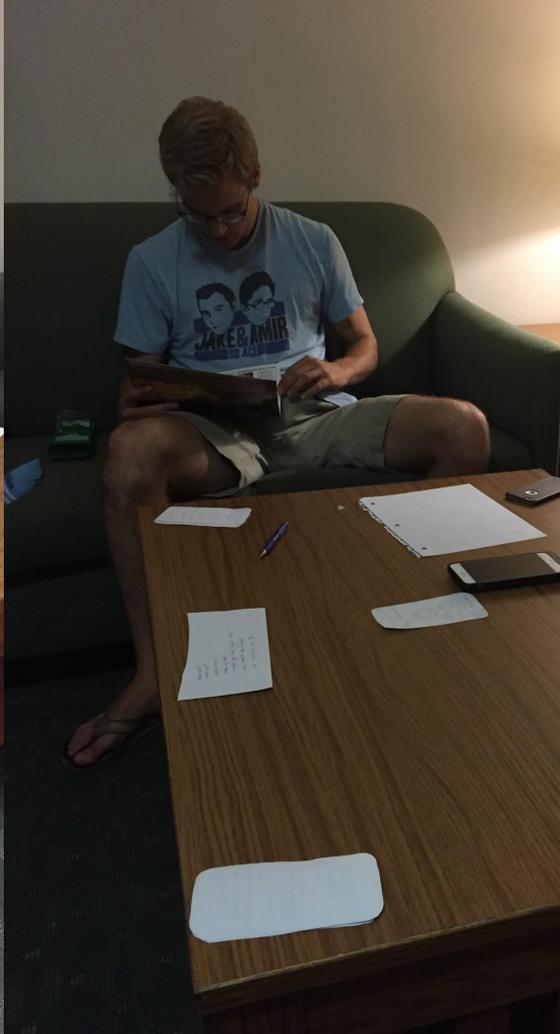

encourage people to unitask?
