

Petflix & Chill

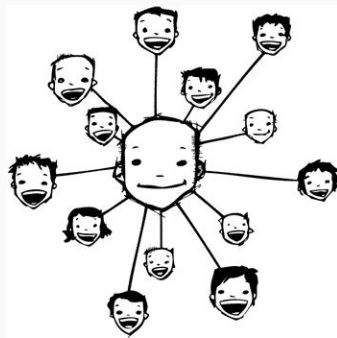

Hi-Fidelity Prototype #2

Scott Buckstaff, Austin Chustz, Ken Chhan, Hailey Spelman

The Problem

When new University graduates move to a new city to start their jobs, they are often faced with the anxiety of meeting new people and making meaningful connections

However, typical social zones like bars or large events do not provide good catalysts for lasting relationships

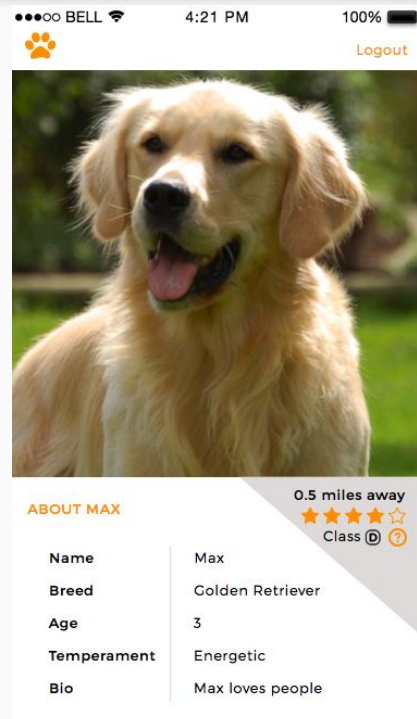

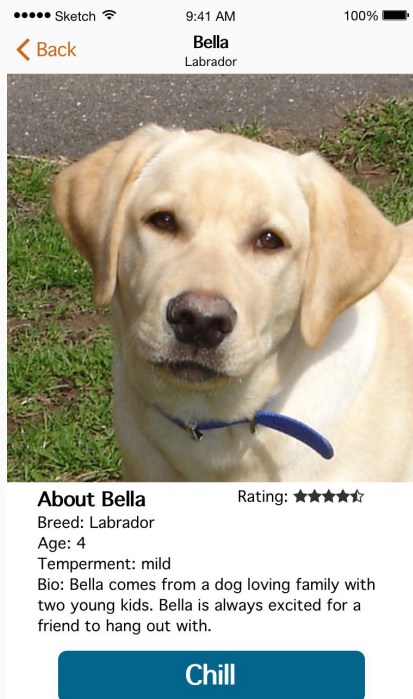

The Solution

Based on our needfinding results that dogs can induce positive interactions with strangers...

Petflix is a dog-sharing platform to help people who have moved to new cities make new friendships by bonding over dogs

Interface Changes - Facelift Week

Simple Task Flow

The Task

Try signing up as an owner
and adding your dog on
the app

← Add Dog Information

A tagline is short sentence that summarizes your dog's personality
This is an example of a dog posting:

 0.5 miles

Max
The Golden Retriever

I just love people.

Profile Schedule

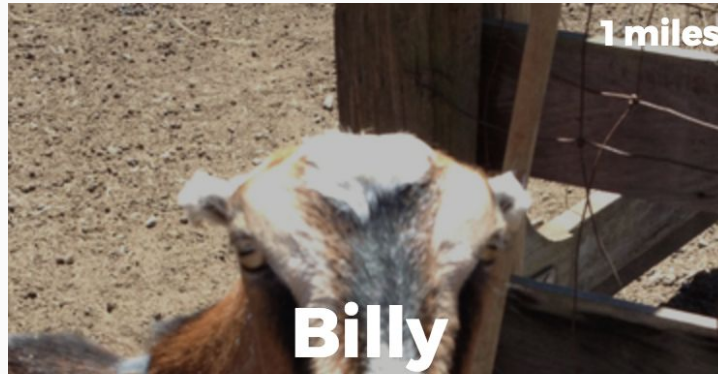

INFORMATION 

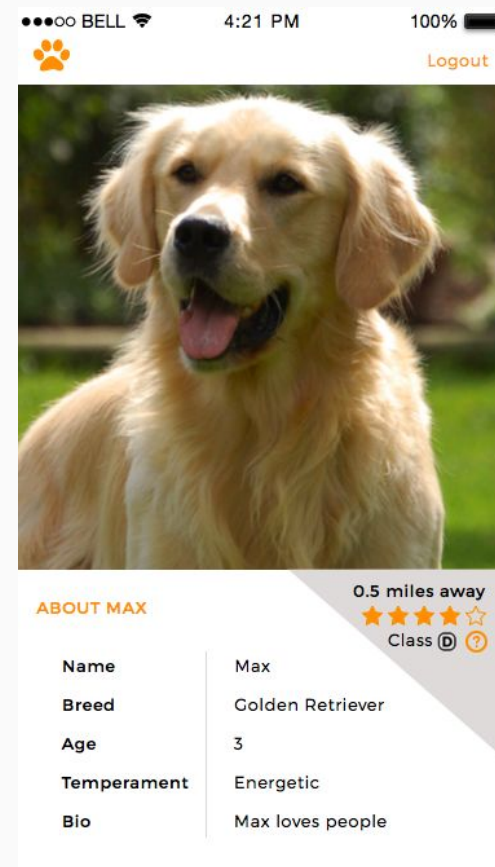

Name	Max
Breed	Golden Retriever
Age	3
Temperament	Energetic
Bio	Max loves people

Medium Task Flow

The Task

Try searching for a dog
named “Billy”

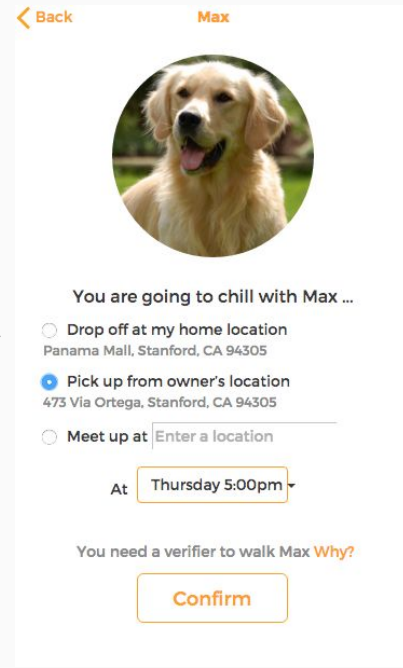

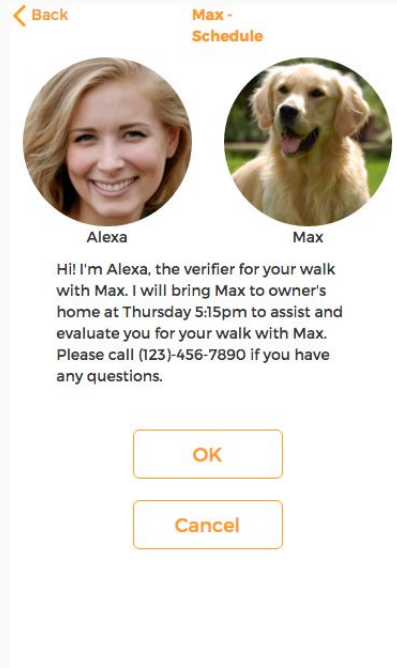

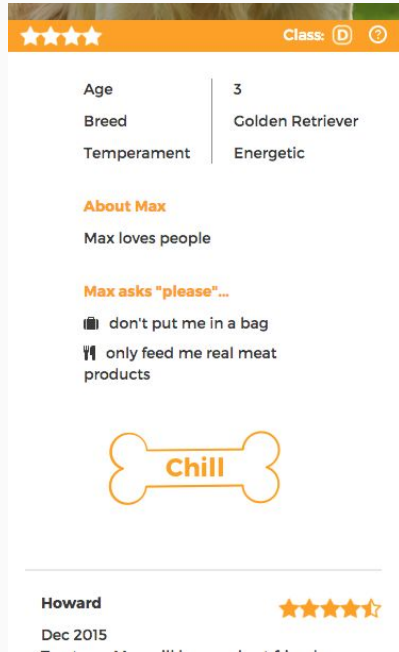

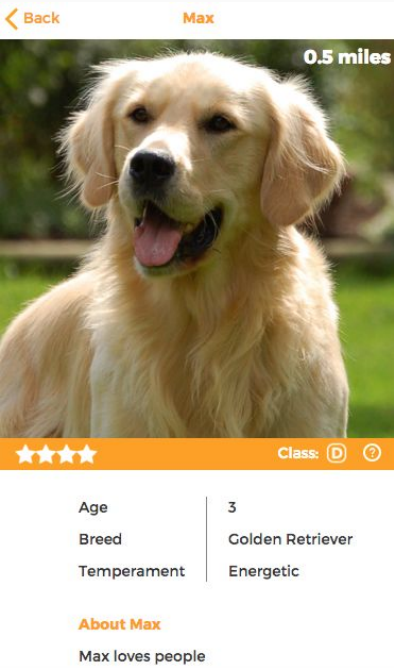

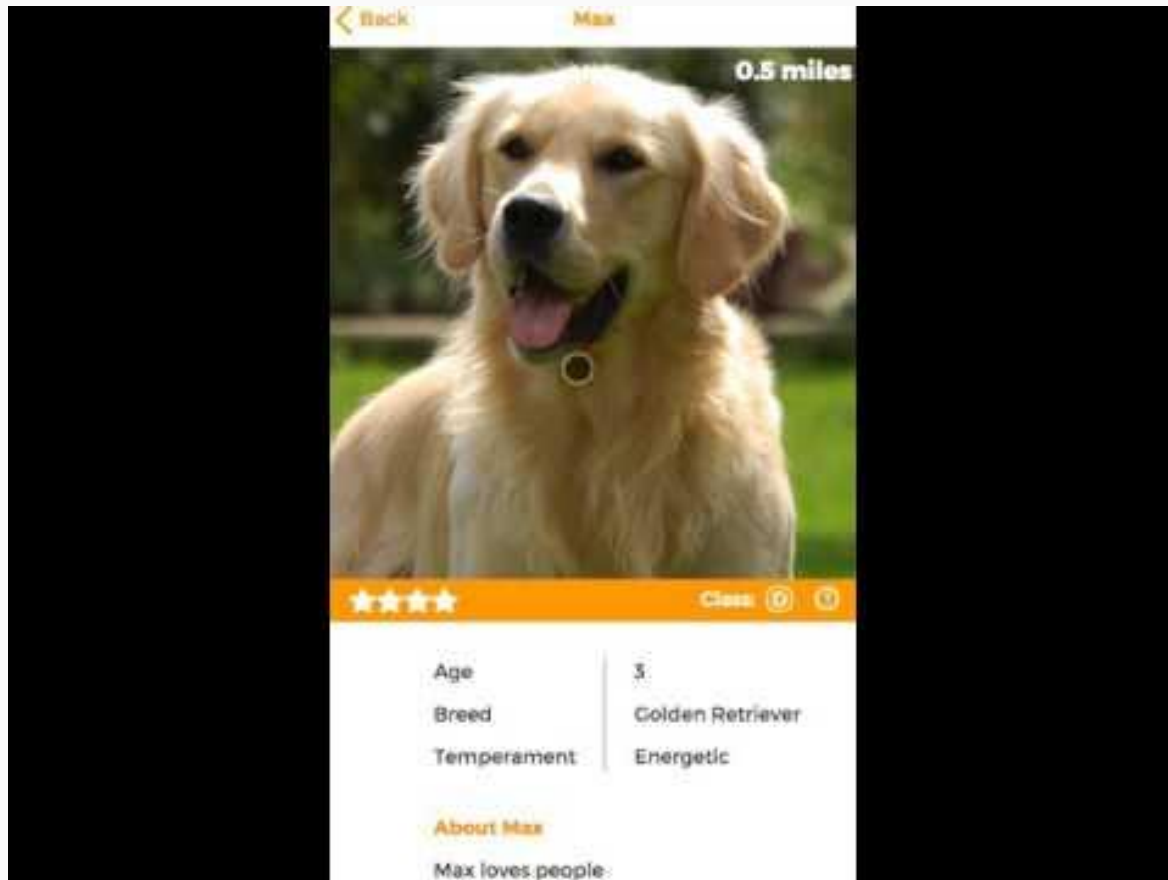

Complex Task Flow

The Task

Select a dog to "chill" with
and schedule the time and
place for dog handoff

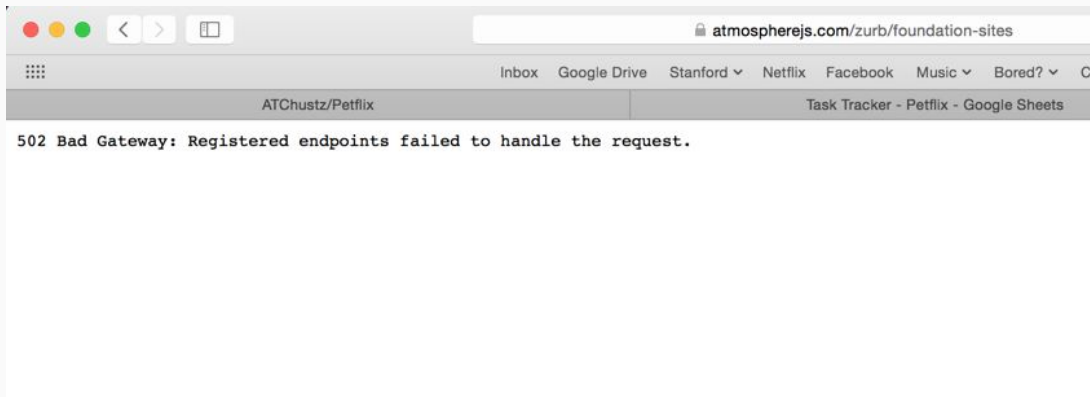

Future Work

1. Filter

2. Owner database

3. Data persistence

Filter

A mobile application interface for filtering dog breeds. The top bar is orange with a close button (X), the title 'Filter', and an 'APPLY' button. The status bar at the top shows 'BELL' carrier, signal strength, time '4:21 PM', and 100% battery. The filter options are as follows:

- Breed:** A dropdown menu with a dog head icon and the text 'Select One'.
- Age:** A cake icon followed by a list of age ranges with checkboxes:
 - ☐ > 1
 - ☐ 1 - 3
 - ☐ 3 - 5
 - ☐ 5 - 7
 - ☐ 7 - 9
 - ☐ 9+
- Size:** A dog head icon followed by a list of sizes with checkboxes:
 - ☐ Small
 - ☐ Medium
 - ☐ Large
- Hypoallergenic:** A checkmark icon followed by the text 'Hypoallergenic' and a checkbox.
- Have walked dog before:** A person walking a dog icon followed by the text 'Have walked dog before' and a checkbox.

Owner database

Add more commits by pushing to the `22-user-database` branch on **ATChustz/Petflix**.

This branch has conflicts that must be resolved

Use the [command line](#) to resolve conflicts before continuing.

Future Implementation

Next step: Find other people who are walking or want to walk dogs.
