

SkillSwap

A Community of Learners and Teachers

All too often people have difficulty finding ways to learn new interesting things. We believe that these same people already have teachable skills. With SkillSwap, users can trade knowledge so that they can learn new skills and topics while also teaching others what they know; in this way, every user is both a learner and a teacher.

Tasks

- Simple
 - Learn a new skill/topic from someone

Tasks

- Simple
 - Learn a new skill/topic from someone
- Moderate
 - Teach a familiar skill/topic to someone else

Tasks

- Simple
 - Learn a new skill/topic from someone
- Moderate
