

Connect and Engage with your Students

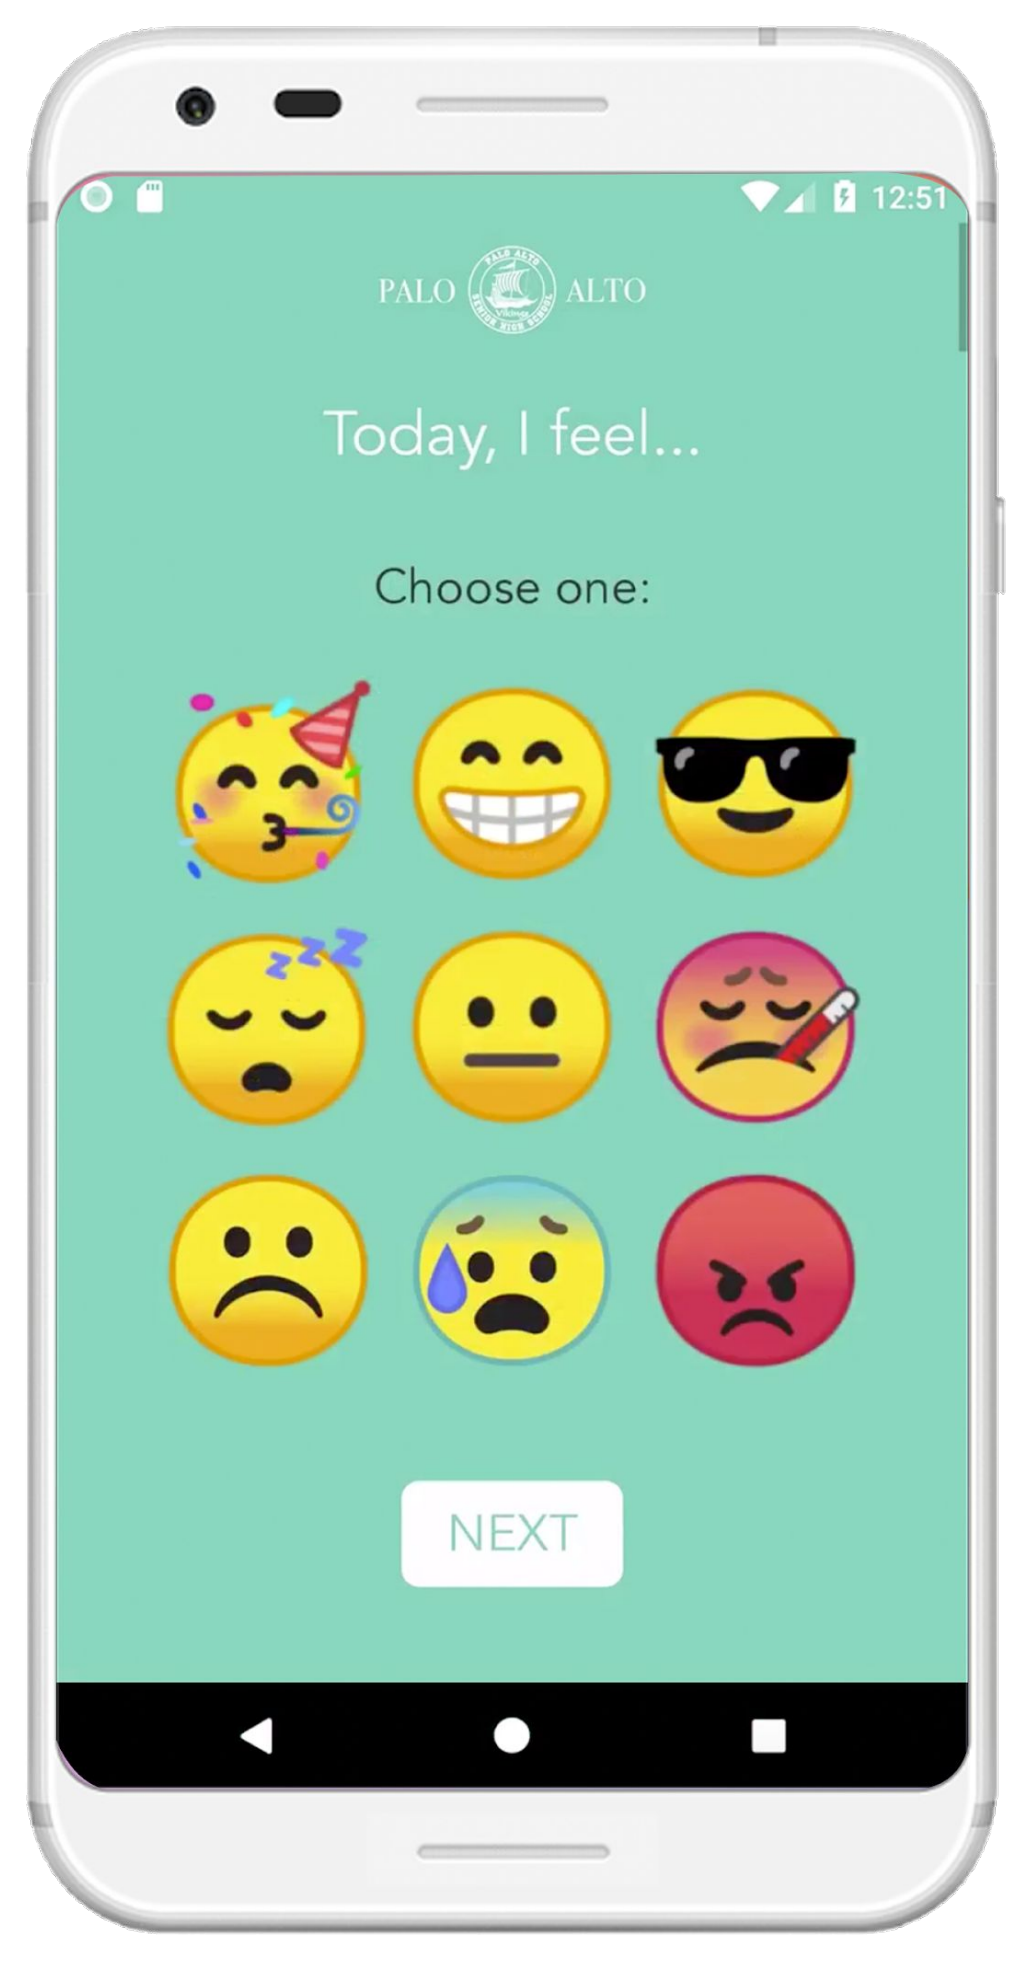

Problem

How might we build positive student-teacher relationships?

Solution

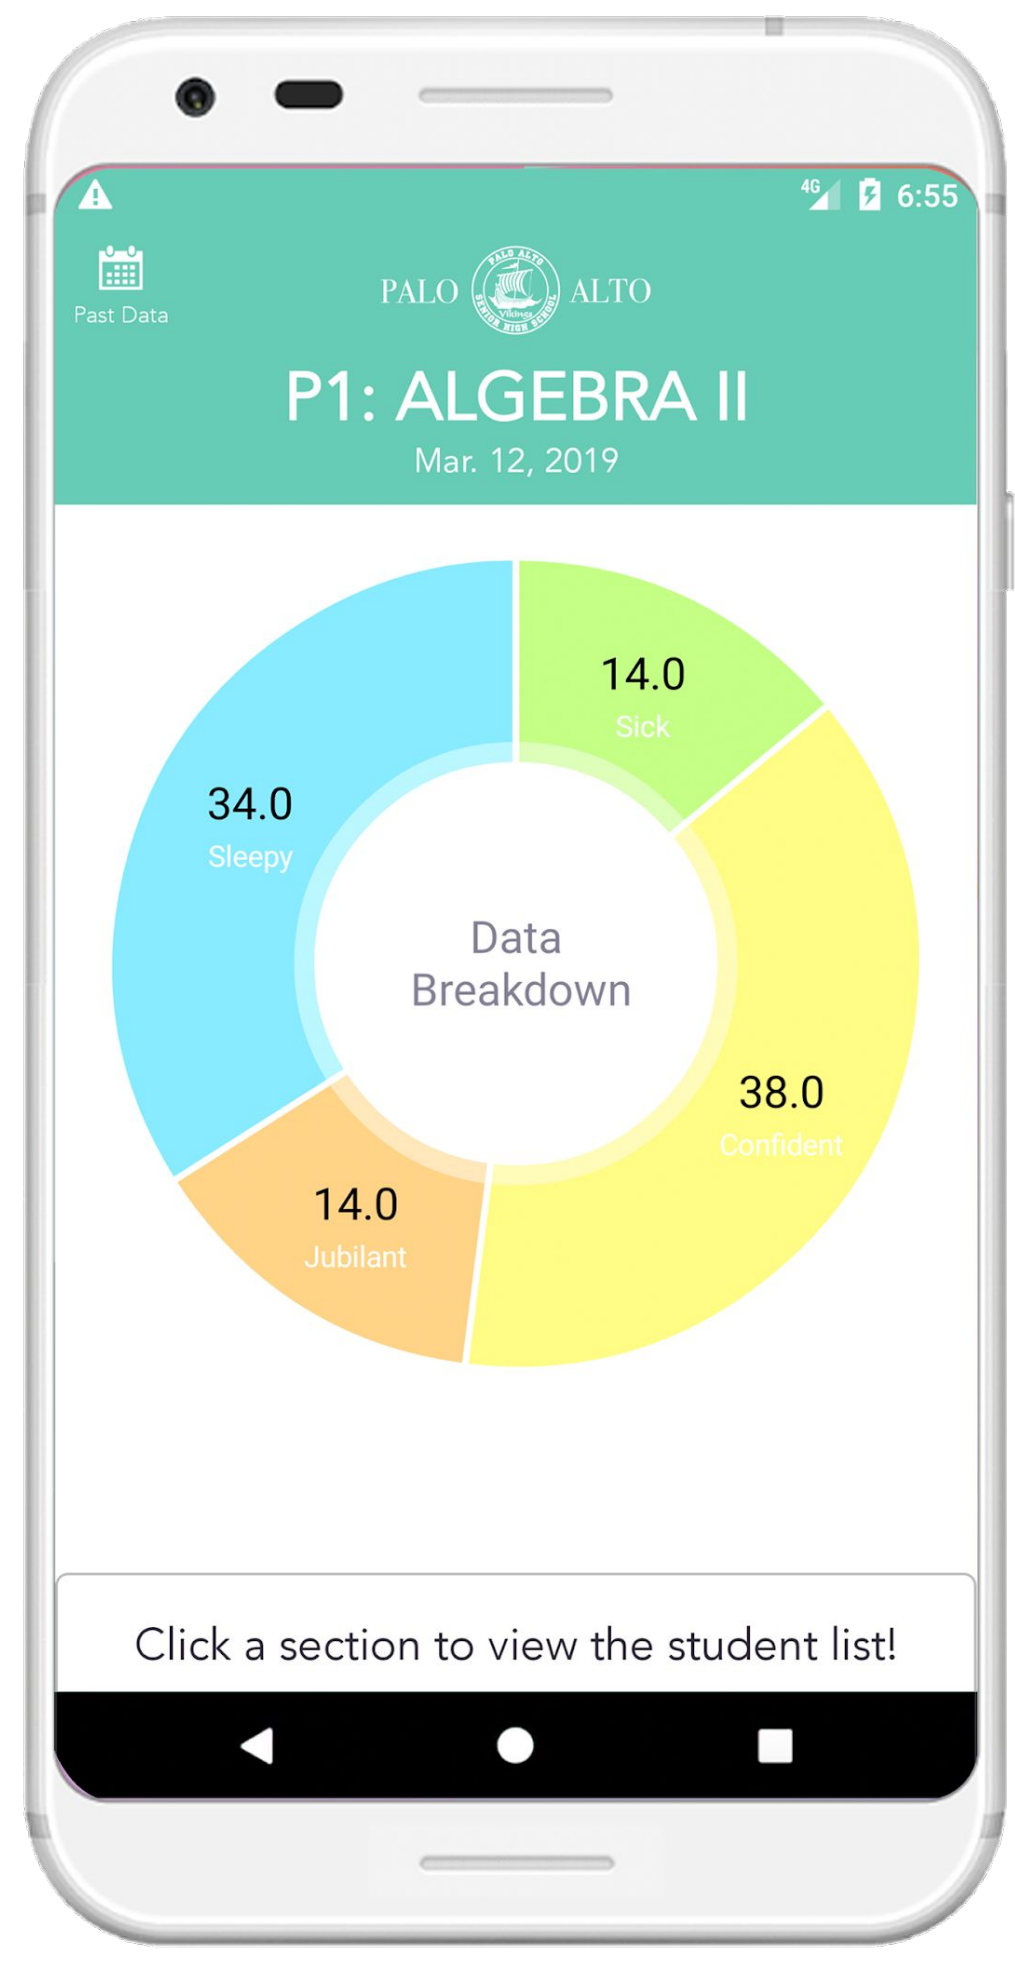

Check-in system to be used at beginning of class

Key Features

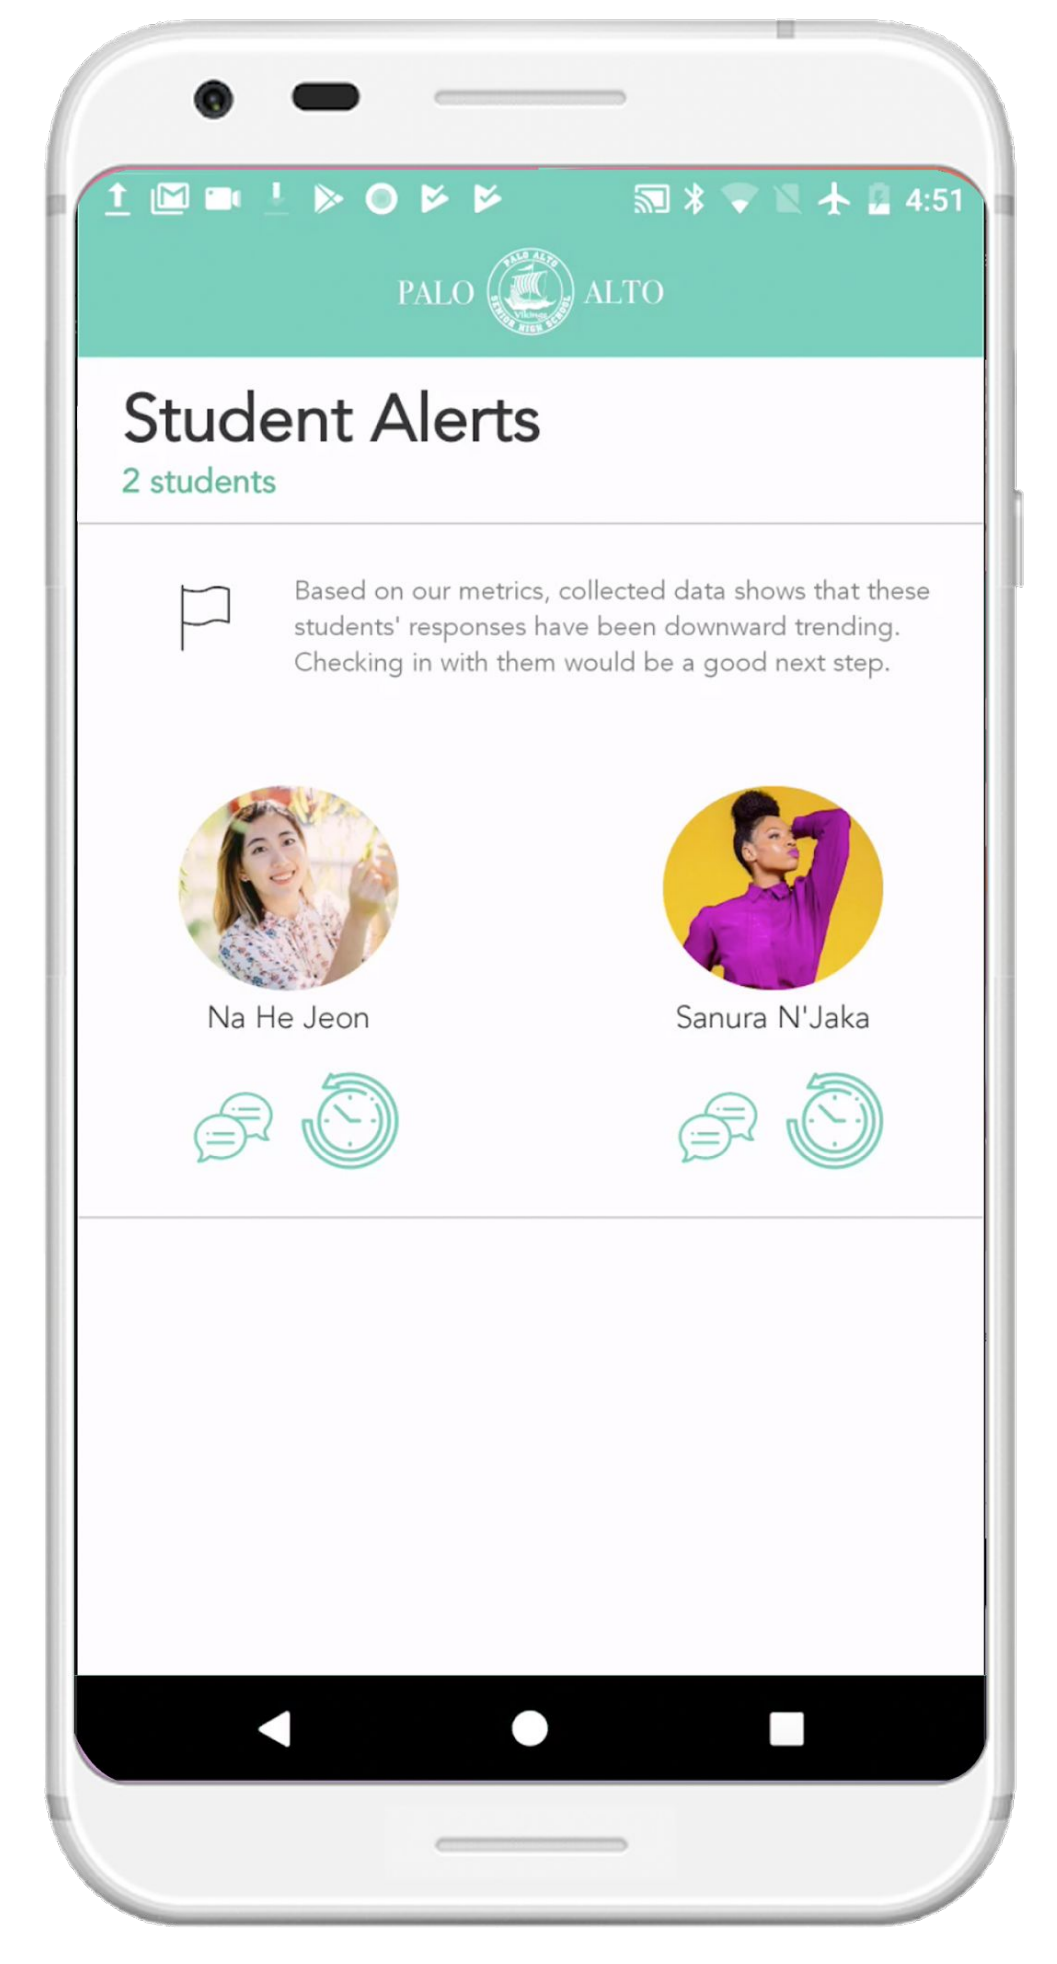

Check-in Feelings

Both teachers and students submit how they feel at the beginning of class

View submissions

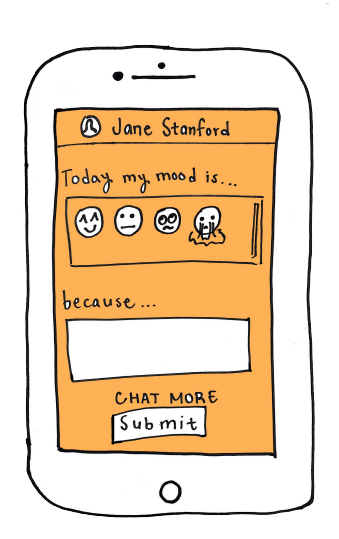

Teachers view the aggregated data through an interactive pie chart

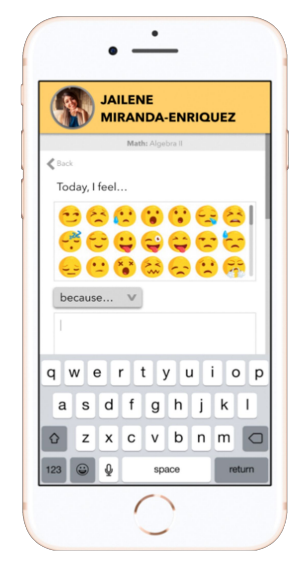

Student Alerts

Teachers can reach out to students who need extra attention

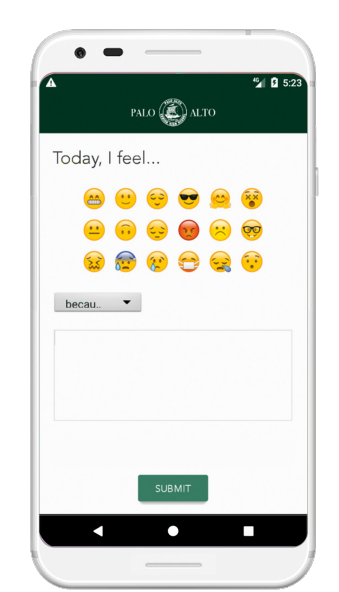

Design Iteration

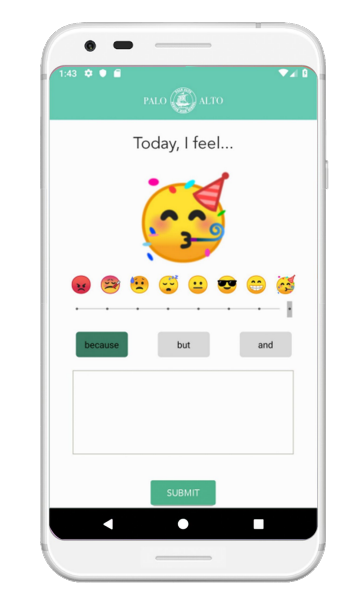

1 Low-fi sketch

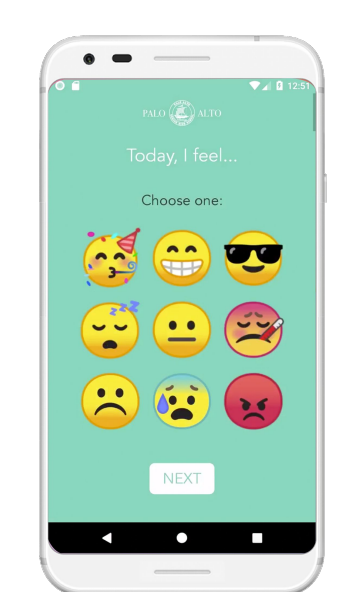

2 Med-fi prototype (Figma)

3-1 Hi-fi prototype - basic functionality

3-2 Testing prototype - redesigned emoji submission

3-3 Final hi-fi prototype - simplified, expanded design
