It is too easy to ignore nutrition and fall back on unhealthy eating habits. With Mission Nutrition, a wrist worn device with a display, scanner, and speaker, **you eat and we'll react.**

Work toward personal health goals

HEALTHY FOOD

Scan food and track eating habits

Indulge in moderation with gentle reminders

UNHEALTHY FOOD

Share progress and goals with friends

## Design Evolution

Needfinding Process

Parallel Prototypes

Low-Fi Prototype

Med-Fi Prototype
